

Am C Em F [Verse 1]

Am C
Well, I... I guess it's been a while
Em F
Since I've seen the sunshine, since I have smiled.
Am C
And me, who's so well versed
Em F
Is feeling so damn empty, is at a loss for words
Am C
Forgot what it's like to just feel okay,
Em F
Praying for the day when there is no more rain...

[Chorus]

Am C
And I...
Em F
I don't wanna do anything but cry.
Am C
Oh, and I...
Em F
I don't wanna do anything but cry.

[Intro Chords Again]

Am C Em F
(I don't want to do anything but cry)

[Verse 2]

Am C
Well, I... I hardly feel alive.
Em F
I'm going through the motions, but I don't feel like trying.
Am C
The hole in my heart is growing bigger my the day,
Em F
Wish that I could crawl inside and hide away.

[Chorus]

[Bridge]

F E
Oh, I'm so low...
Am G C F
I'm almost to the bottom.
F E
Oh, no where to go...
Am G F
Even my soul has left my body...

[Intro Chords]

Am C Em F

[Chorus] (x2)
