Story 6

„The evil Meteorite“

1. Outer Space

Cybertronian investigation ship is sailing.

Voice of Silverbolt: Ultra Magnus, this is resources investigation ship. We joined the earth-circling orbit at 02-05 Space time.

Voice of Ultra Magnus: Roger. We'll be expecting a good result.

2. Bridge of the investigation ship.

Silverbolt: We're almost there.

Skydive: Galvatron doesn't seem to be interested in resources.

Silverbolt: He doesn't know what's good and what's bad. He wants to interfere with just about everything Cybertron does.

Fivebolt: What's that!

Silverbolt: Where?

Skydive: What the hell is that? Are they meteorites? They're approaching us at full speed!

Screen shows the approaching meteorites.

Silverbolt: Starboard! Dodge it!

3. Outer Space

The meteorites come closer and closer.

The investigation ship tries to avoid them. But, as the meteorites come closer the ship gets twisted.

Firebolt: Uuugh!!! The ship's getting twisted!

Skydive: help!

The scene twins into a monitoring screen.

4. Cybertron main base on Earth

Ultra Magnus: What's happened ? The ship is twisted!

Meister: Ultra Magnus, we must send a rescue unit.

Ultra Magnus: Send the Techbots, immediately. Rodinus, there is a strange accident taking place.

Cyclonus transforms back into robot mode and stands on top of a hill.

Scattershot: You, fool! They can't be that intelligent. It must have been some natural disaster.

Scattershot: Cyclonus, move out of our way. We don't have any time to waste.

Scattershot: What do you mean?

Cyclonus fires his black beam gun.

Hungry, Rippersnappe, Chinartwin, Cutskirt and Butt appear from behind the hill and start firing at the Cybertron transformers. Scattershot, Noxcon, Strafe, Lightspeed and Afterburner retaliate.

Drifting meteorites.

X X X X

Narrator: In the meantime, Cybertron base on planet Asenia received the message from Earth and sent out the huge space battleship from planet Master to bomber Destrons on Earth.

10. Cybertron main base on planet Asenia

Charr: Anyway, we've got to eliminate whatever is dangerous as soon as possible.

Blurr: Rodinus , the Techbot unit is under attack.

Rodinus: Mean Destrons! Send the Throttlebots to help them.

Charr: OK!

Rodinus: Arcee, where is the meteorite headed for?

Arcee: It seems to be headed for this planet , Asenia!

Rodinus: We're lucky that it's not headed for our home planet, Cybertron.

Charr: That's true. Cybertron is a mechanical mother planet. That meteorite can be disastrous to that planet.

Daniel: Willy, what's going to happen?

Willy: The battleship will get rid of the meteorite.

Daniel: I hope so.

11. Outer Space

Meteorite is floating around.

Planet Master's huge spaceship comes closer.

Voice of Fortress Maximus: Target, the meteorite ahead. Fire! Start off the destruction energy.

But the destruction energy gets twisted as it comes close to the meteorite and scatter into space.

12. Bridge of Planet Master's space battleship

Fortress Maximus, Chromedome, Hardhead, Hiblow and Brainstorm can be seen.

Fortress Maximus: What's happening!? It twisted the energy !

Voice of Rodinus: Fortress Maximus, what are you doing ?

Fortress Maximus: Rodinus we have a bit of a problem here. We can't do anything to the meteorite.

Voice of Rodinus: Don't go any closer! The battleship will be in danger now. We'll think of some countermeasures. Watch over the meteorite in the meantime.

Fortress Maximus: Roger.

13. Beach on Earth

Galvatron, Weird Wolf, Skullclanger and Mindwipe appear one after the other.

Scarge and Swips unit appear.

Scarge: Commander Galvatron, Staff Officer Cyclonus is stopping Cybertron Techbots.

Galvatron: Never let them get to planet Metamorphoses. Destron headmasters, go to Dinobase and watch over planet Asenia. If they try to make any move, smash them up!

Destron headmasters: Yes, sir!!

Sudden attack!

Voice of Goldback: Don't worry, we're already here.

Goldback, Chase, Lookright, Wideloyd, Runway and Rollbar appear from the forest.

Galvatron: You, Throttlebots! Destron headmasters, smash them up!
Galvatron fires on S. F. gun himself. Weird Wolf transforms into a wolf and attack.
Mindwipe transforms into a bat. Skullclanger transforms into an alligator.

Galvatron: Follow me, Scarge!

Scarge: Oh, Commander Galvatron!

Galvatron: Move it! Destron headmasters will take care of them!

Scarge: Yes, sir.

The two transform and leave the scene

14. Near the Space bridge

Furious battle between the Techbots and the Terrortrons. Galvatron and Scarge appear and transform back to robot mode.

Galvatron: (laughs) Cybertron, stop fighting in vain.

Scattershot: Galvatron!

Galvatron: Planet Asenia will be devoured by planet Metamorphoses!?

Scattershot: Planet Metamorphoses!?

Galvatron: I named the meteorite Metamorphoses.

Voice of Fortress Maximus: We won't let you get your way, Galvatron!

Galvatron: What?

The huge battleship of planet Master is in midair.

Narrator: Rodinus has sent his headmasters to Earth.

15. Port on Earth.

The Planet Master's battleship comes down and lands in the sea. Fortress Maximus, Chromedome, Hardhead, Hiblow and Brainstorm come flying out of it. Galvatron and Scarge come charging.

Fortress Maximus: Galvatron!

Galvatron: You are not supposed to be here, but I'm glad in a way. Enjoy yourselves, kids!

Destron headmasters arrive at the scene.

Weirdwolf: Commander Galvatron , we bashed up the Throttlebots.

Galvatron: Did you hear that?

Weirdwolf: All right, you Cybertronian kids, we'll bash you up too. In the mean time, Asssenia will be terminated.

Fortress Maximus: No, you won't! Attack, headmasters!

Weirdwolf transforms into a wolf.

Hardhead: Come on, Weirdwolf.

Hardhead in robot mode stops Weirdwolf. Mindwipe transforms into a bat.

Brainstorm: I'll take care of him.

Brainstorm transforms into a jetplane and blasts his photon pulse cannon.
Skullchanger transforms into an alligator. Scarge and the Swips unit join the battle.

Narrator: Is Cybertron safe? If the battle on earth prolongs, the evil Meteorite controlled by Galvatron will hit Asssenia. But, right then.

16. Cyberton base, Earth

A spaceship takes off.

Narrator: One spaceship took off from the Cybertron base on Earth.

17. Bridge, spaceship

Throttlebots can be seen.

Goldback: Slow Destron headmasters. We don't give up that easily.

Runway: We just pretended that we lost. We're going to finish off the meteorite.

Throttlebots laugh.

18. Outer Space

Floating meteorite,
The spaceship of Throttlebots comes closer to the meteorite.

Voice of Rodimus: Throttlebots, watch out! Don't get too close to that meteorite!
Move away from it!

But Chase and Wideroad come out of the spaceship and try to land on the meteorite.

Voice of Charr: No, Chase and Wideroad, don't risk your life!

Chase: What should we do, Wideroad?

Wideroad: Ignore them. If we succeed, we'll be heroes.

Chase: Oh, yeah.

The super-gravity producer set on the meteorite is aiming at them.

After a few seconds, the two get twisted and blown off.

Chase and Wideroad: Uuuugh!!

The scene turns into a monitoring screen.

19. Cybertron main base on planet Asenia

Rodinus, Charr, Blurr, Arcee, Daniel and Willy are monitoring the screen.

Rodinus: What a stupid action! They ignored my order! Charr, tell everyone on the spaceship not to do anything without my word.

Charr: I will!

Arcee: Everyone is getting impatient.

Rodinus: Still, if they take hasty action, it only leads them to death.

Blurr: Now, what about that meteorite?

Rodinus: The analysis of all the data gathered by our headmaster on Earth tells us it is artificial.

Blurr: What does it mean “artificial”?

Rodinus: It means someone touched it up to have special unnatural characteristics.

Blurr: Touched up?

Charr: The answer is undoubtedly the Destron. It’s the kind of scheme they love.

Arcee: Charr, we haven’t had the explanation of Rodinus. Rodinus, what does it mean.

Rodinus: That meteorite seems to have super-gravity generator, which sensors metals and twists them.

Blurr: What can we do? We’ve got to do something about it , otherwise, this Asenia base will be twisted. If someone goes out there and try to turn the generator off, then he’ll be twisted.

Willy: That means, someone besides the transformers can go there and do it , right?

Willy looks at Daniel. Daniel is shivering.

Daniel: Is that right, Charr?

Charr: Well, something like that. Right now, we don’t have any other choice...but...

Rodinus: Spike is wounded from the previous battle and we can’t send him out.

Willy: that leaves us with only one choice...

Willy looks at Daniel again. Daniel is still shivering.

Daniel: B-but, we have captain Merissa of Earth defense force.

Willy: The situation seems to be much worse than they can handle .

Daniel: So, you mean I have to.....?

Rodinus: No, we can't send a child to such a dangerous mission!

Charr: First of all, they won't be able to.

Willy: But unless we do something about it, we're all going to die right?
Cybertron will be terminated, right?
There's no point in us alone surviving. Don't you think so, Daniel?

Daniel: Y-yeah, well... I'm going to see my dad.

Daniel runs out of the room.

Willy: Shoot! What a coward!

Rodinus: No, I can't do it. Not children. We have to do something ourselves. How long will it be until the meteorite to reach Asenia?

Arcee: Three days.

Rodinus: Three days till it hits Asenia, right? That'll be too late. How long will it take to come close enough to affect us?

Arcee: One day, sir.

Rodinus: Oh, no.

20. Spike's room, Asenia base

Carly turns around.

Carly: What's the matter, Daniel?

Daniel: Chase, and Wideroadthe transformers....got twisted!

Spike is in bed.

Narrator: Spike is enbeded restlessly because of his wound from the previous battle ... when he is most needed.

Spike: Finally, the meteorite is here?

Daniel: Yeah, oh, no, the two who went to stop the super-gravity generator got twisted.

Spike: What?

Daniel: We're going to be terminated unless we do something about it.

Spike tries to get up but the pain overwhelms him.

Carly: Spike!

Daniel: Dad!

Spike: I can't stay in bed doing nothing. I'll go.

Daniel: B-but..

Spike tries to get up again.

Daniel: Wait a minute, dad, can't you stop it with some kind of remote control?

Spike: I have already made Charr try it. It didn't work. Get out of my way.

Carly: Spike.

Spike: I must save Cybertron.

Spike leaves the room.

Daniel: Dad!

21. Corridor inside Asenia base

Willy comes around.

Willy: Spike!

Spike is supporting himself on the wall.

Willy: Are you going to stop the meteorite ? Your wound hasn't healed yet!

Spike: This is the crisis of Cybertron. I can't stand sitting by and watch.

Willy: Spike, then I'm coming with you. I can help you in some way or the other. Take me with you!

Daniel and Carly are watching this outside the room.

Spike: You're transformers, too. You'll get twisted.

Willy: But, Spike, I can't let you die! Please, take me with you!

Spike: No. Move! We don't have much time left.

Willy: Spike!

Daniel is biting his lip. Finally, he makes up his mind and comes running.

Daniel: Dad, I'll go.

Willy: You mean it?

Daniel: I love my dad. I can't leave him with you.

Willy: Daniel....

Daniel: Only I can save dad.

Spike: Daniel.

22. Outer Space.

Floating meteorite comes closer.

Narrator: Daniel has made up his mind finally. But in the mean time the meteorite continued it's way to planet Asenia.

23. Near the Cybertron base

Scattershot, Naxcon, Strafe, Lightspeed and Afterburner.

Narrator: The Cybertron headmaster have received an order to get back to planet Asenia. This time, the Techbots are in charge of assisting them.

Galvatron: Are you ready? Techbots?

Galvatron attacks the Techbots.

Scattershot: Unite into Computicon!

The five Techbots unite into Computicon.

Computicon: Take this!!

Galvatron, Scarge and the Swips unit retaliate . But Computicon breaks through their attack.

Obominus: Go ahead, headmasters!

Galvatron: Scarge, Bruticus, take care for them. Let's go Cyclonus! We'll ambush Cybertron at our meteorite.

Cyclonus: Yes, sir.

Cyclonus transforms into a jetplane. Galvatron gets onboard the jet. Weirdwolf, Skullclanger, Mindwipe follow them. Computicon and Obominus collite into each other.

Narr: Will the Cybertron headmasters be able to save planet Assenia?
The evil meteorite is still coming closer.

26. Cybertron main base on planet Assenia

Daniel is putting on an old style space suit. Rodimus, Spike, Carly, Willy, Charr, Blurr and Arcee are anxiously watching it.

Daniel: Dad, why not the accel suit? This is an old style suit.

Spike: Accel suit is made of metal and it'll put you in the same situation as when transformers get close to the meteorite.

Daniel: Oh, yes.

Narr: The young Daniel is going for the evil meteorite with the destiny of Assenia in his small hands.

Spike: Daniel, let me tell you once again.

Daniel:?

Spike: When the Master space battleship comes closer to the meteorite, it'll aim its super gravity generator at the ship. It'll bear the gravity to the maximum.

You are supposed to land on the meteorite in the meantime and turn off the super gravity generator and destroy it. Get it?

Daniel: Yes, I get it.

Rodimus: Daniel, no one else can save Assenia from this crisis but you. Good luck!

Daniel: I know I have headmasters on my side. I'm not afraid.

Willy: Shit!

Rodimus: All right, Daniel, the headmasters are waiting for you. Hurry up!

Daniel: Yes, Sir.

27. Port on Assenia

Willy is pulling Daniel by the hand.

Daniel: I'm coming Willy, don't pull me like that.

Willy: You might change your mind if you walk slow. Here we are, headmaster!

Chromedome: Why don't they ever give up?
Fortress Maximus, we'll take care of them. Please assist Daniel.

Fortress Maximus: All right.

Chromedome: Let's go, headmasters!

By planet Metamorphoses anyway.

Chromedome, Hardhead, Highblow and Brainstorm come swooping down.

Chromedome: You sure have some evil wisdom, Galvatron. You call it planet Metamorphoses but it's just some artificial meteorites!

Galvatron: You didn't know it? Well, it's too late. Soon, there will be no more Cybertron.

Chromedome: We won't let you have your way. Our will to justice is inherited by the children on Earth.

Galvatron: Shut up!

Galvatron starts firing.
Headmasters dodge.
Fierce battle.

Floating meteorite.

The super gravity generator starts aiming at the Planet Master space battleship.

Daniel and Willy appear on the deck.

Fortress Maximus: Daniel, go now. The space battleship will hold the super gravity wave.

Willy: Good luck! Do my part.

Fortress Maximus: Get as close as possible to the meteorite. Just keep enough distance so that the super gravity wave can't twist the ship.

X X X X

X X X X

Voice of F.M.: Now, we are holding the super gravity. Go ahead, Daniel!

Daniel approaches the meteorite from the other side of the super – gravity generator and lands on it.

Daniel: OK.

Daniel: Here it is!

35. Inside the meteorite

Daniel comes down the steps. The inner part of the meteorite is full of machines.

Daniel: Which is the metal sensor of the super gravity generator?

Daniel finds a red lump flashing on a panel.

Daniel: This must be it.

He switches the machine off.

Daniel: That's it. Now, I must destroy this whole thing so that they can't use it any more.

He sticks up small bombs on the machines.

36. Deck of the space battleship

Willy lies unconscious.

Voice of F.M.: Willy, the super gravity wave has stopped.

Willy: Oh, yeah. I don't feel anything any more.

Willy gets up on his feet.

Willy: Look, the meteorite....

One part of the meteorite explodes. Fortress Maximus appears on the deck.

F.M.: Well done, Daniel.

37. Outer Space

Destron headmasters and Cybertron headmasters are fighting against each other.

Chromedome: All right! Daniel has done it!

Galvatron: What?

Chromedome: Can't you see that, Galvatron? Your super gravity generator is destroyed!

Galvatron: Oh, no.... that brat! You're going to regret this!

Galvatron evacuates

Headmasters: Ha – ha – ha

38. Planet Master space battleship, on the deck

Daniel comes flying from the exploding meteorite. He lands on the deck.

Willy: Hey Daniel! You're much stronger than I thought.

F.M.: Good job, Daniel. Thank you.

Other Cybertron headmasters come flying.

Chromedome: Hi Daniel, you're our hero!

Daniel: It's not a big deal.

Willy: Don't let your head swell up too much!

Daniel grins shugly.

F.M.: Let's toss our hero up and celebrate his achievement.

Everyone: One, two, three, go!

Daniel is tossed up by the transformers.

Narr: Daniel used to be a cowardly boy, but his love for his father, Spike, made Daniel into a hero which he never dreamed of. This was an unforgettable incident both for himself and for the Cybertronians on planet Assenia.

The meteorite drifts away from the space ship.

Narr: Also, the meteorite seemed to be happy being freed from the evil hands of Destron and it continued its own voyage in space.
