

Ring Name: SEXY Igarashi

Full Name: Hideki Igarashi

Height: 6'2"

Weight: 390 lbs.

Birthday: October 22, 1976

Hometown: Sapporo, Japan

Languages: Japanese (first language) and English (basic)

Picture Base: Abdullah Kobayashi

Alignment: SEXY. Deathmatch fans love him until he starts attacking them. It can go any which way for fans outside of that scene, but they probably won't like him when he starts attacking them.

Entrance Music: "Hey Sexy" by Die Antwoord

Gimmick/Personality: Veteran deathmatch worker who's appeared in numerous independent and backyard promotions.

"I never heard of him until now," you might say. Of course you fucking haven't you western mark. He could have headlined Budokan and you wouldn't have known because you'd rather spend 20 hours a week watching a company you've bitched about for two decades.

Has he headlined Budokan? Well, no. He's done Korakuen Hall but so has everyone. Do you know how cheap it is to rent that venue?

Here's the deal. SEXY is incredibly stubborn about being part of the deathmatch underground. He's also not very reliable and could no-show - sometimes even disappear for periods of time for no known reason. SEXY has been in-and-out of jail a few times as well. Wild, unpredictable - this man sabotages his own career.

But you know what? He doesn't give a fuck. SEXY lives in the moment. He'll attack a referee or a fan when there's a match in progress. Or stab his opponent with a fork in a standard match and get DQ'd. He often turns the violence on himself too. He's done everything from cut himself, light himself on fire, and has flossed his bare taint with barbed wire. SEXY even pierced a syringe through the head of his own penis.

SEXY has won some titles in these small indies and backyard promotions, but championships are not his main motivation. He doesn't even care about the money - as long as it's enough to get a drink and a sandwich. And some drugs. He certainly doesn't need it for the roof over his head. Doesn't have one or want one. SEXY lives a free, unbound, and transient lifestyle.

"So what's with the turban?"

Good question! See his biography below.

Wrestling Style: Ultraviolence. Super stiff and unsafe. Absolutely reckless. In real life nobody would hire this guy. Just the most garbage, indie, outlaw, mud show wrestler. At least he can tell a good, psychologically compelling story and have a well-paced match. Only the craziest bastards would want to work half an hour with him though.

In-Ring Strengths (at least 3):

1. Big man who knows how to throw his weight around.
2. Fucked up in the head. He's at home when him and everyone around are all bleeding out in buckets. By everyone; I mean wrestlers, referees, and even fans. He's out to maim and murder with no fucks given.
3. Veteran with years of experience. He knows many ways to hurt someone. This ranges from creative weapon use to joint manipulation. He can expertly pace through a match. As stated earlier, SEXY has very strong ring psychology. It's the only way this fat, broken down sack of shit can have 30-60 minute matches. SEXY knows when to grab a hold and do more with less.

In-Ring Weaknesses (at least 3):

1. Immobile. A younger, faster wrestler could gas him out and target the legs. He's no spring chicken. He's also a big and heavy man. You know those knees have been through a lot.
2. Not well-versed on the ground. He can power himself out of trouble, but that's it. Don't expect him to trade holds with anyone. His own holds are very basic big man stuff.
3. Careless. Gets so into hurting everyone in sight that he can lose focus on his opponent. Will cost himself matches by attacking referees without giving a fuck. If it's a standard match then he's likely to get counted out should the fight go outside the ring. That's if he hasn't already been DQ'd. Carelessness also causes him to take more punishment than he should, or jump off things he shouldn't. He's also known to take all his clothes off and get glass shards and splinters on his balls and up his asshole. Acts of self-harm don't help his cause either.
4. His unexplained, seemingly random hatred for Turk February is immeasurable. SEXY has dedicated his own entire existence to ending Turk's. He wants to fuck that man's corpse by any means necessary.

Finishing Moves and Description:

Ass Fuck Bomb - Folding Powerbomb Pin (Primary Finisher)

Iron Face Fuck Claw - Iron Claw. This can be done with a handful of broken glass or sandpaper. (Submission Finisher)

Lariat (Strike Finisher. He'll hit a Lariat at any point in the match, but can use one real late to put someone down. This is more for surprise finishes, but he finds enough juice in that arm for a stiff blow that anybody can buy as a finish. Especially if he swings wildly enough to break a nose, knock out teeth, or collapse a windpipe.)

SEXY Fuck Splash - Flying Body Splash (High Spot Finisher)

Big Burning Fuck You - Burning Hammer on or through a burning object (Ultimate Finisher, No Kick Outs. Only attempted in blood feud finales and title matches when none of the other

finishers have worked.)

Fire Ass - SEXY pours lighter fluid on his ass (naked or clothed), sets it on fire, and crushes his opponent with a Banzai Drop. This can result in burns on his taint and balls. (Ultimate Finisher #2, No Kick Outs. Can be used in any match, but it's a protected finish because there's fire added to 370 pounds sitting on somebody.)

Signature Moves and Description:

Eat My Fuck - Bronco Buster. It's just two bounces before he grinds his crotch on their face.

Head-Stuff Piledriver - Stuffs their head down the front of his pants or underwear before doing a Piledriver, a.k.a. Danshoku Dino's Danshoku Driver. It can be any Piledriver variation. SEXY can still do a Piledriver if he's not wearing anything.

Masturbation Lock - Half Nelson where SEXY uses his free hand to jack off his opponent.

Barfing - His party trick is to make himself barf on command by tightening his stomach muscles. He can spew vomit in someone's eyes or barf on them in a desperate bid to gross them out enough to release a submission hold. His stamina takes a hit though as he gets dehydrated and wrestles on an empty stomach.

Singles Moves:

- Headbutt
- Biting anywhere on their body
- Bear Hug
- Chin Lock
- Finger bending and snapping
- DDT
- Body Slam
- Lariat
- Samoan Drop
- Body Avalanche
- Running Body Splash
- Running Elbow Drop
- Flying Elbow Drop
- Superplex
- Snake Eyes onto a turnbuckle, ropes, steel rail, or barbwire

Tag Team Moves (with Goro Ozawa, known together as SHIT NUTZ):

- SEXY is on his hands and feet with his fat ass in the air, allowing Ozawa to stuff an opponent's face in his ass crack before doing the Shit Storm Driver (Storm Cradle Driver). SEXY often pulls his pants down for this move. Sometimes he's completely naked. Feces may or may not be involved.
- SEXY holds the opponent's legs apart. Ozawa puts on his aviator glasses and does a Diving Headbutt to the balls.

- SEXY throws or slams Ozawa on their opponent(s). Ozawa can be wrapped in barbed wire.
- SEXY has them on his shoulders halfway through the Ass Fuck Bomb. Ozawa jumps off the top or middle rope and hits them across the back with a weapon before SEXY slams them.
- Ozawa has the opponent set up for a Piledriver or Powerbomb. Before the lift, SEXY raises a fist in the air. Fans chant "FIST FUCKAAAAA" with him. He then punches the opponent in their asshole and Ozawa does his move.
- SEXY gets them in a Mexican Surfboard. Ozawa jumps off the top rope and slams a weapon on their torso.
- They both have someone upside down, heads stuffed down the front of their tights or underwear. They step forward, smash their opponent's bodies into each other, then fall back to do their own Piledrivers.

Wrestler Biography:

SEXY Igarashi came onto the Japanese deathmatch scene in 1995 and quickly became a regular for the small, long-gone Kansai Xtreme.

A young SEXY made himself known in Kansai Xtreme in a heated feud with a veteran known as Sheik Fawzi al-Sala. It culminated in SEXY ending their career in a No-Ropes Barbwire Steel Cage Exploding Dildo Deathmatch. It's unknown as to whether Sheik al-Sala retired due to severe rectal injuries or sheer embarrassment - either for losing to his younger foe, taking part in such a ridiculous match in the first place, or both - but SEXY took their turban as a spoil of war and has worn it since. It's useful when he wants to cover his eyes and catch some Z's on a park bench.

SEXY never hit the mainstream prior to Yamashi Promotions, often sabotaging his own career when it looked like he could go to a bigger promotion. This allowed him to become a five-time Kansai Xtreme Heavyweight Champion and an Anal Fireworks Champion.

SEXY's backyard "tour" of the United States in the summer of 1998 is legendary. He was only booked for one independent show in Philadelphia before randomly turning up in high school kid's backyards to terrorize neighborhoods, train-hopping from town-to-town. This happened before finally getting a plane ticket back to Japan. He left the US with the Rancho Cucamonga Backyard Wrestling VHS Championship, never to return the belt and essentially becoming its final champion.

SEXY didn't return to the United States again until 2014. He worked various independents across the country and beat the Buffalo Wild Wings Blazin' Challenge, eating 12 of their spiciest wings in 6 minutes.

In Japan, SEXY is most famous for his battles with Goro Ozawa, who he now tags with under the team name SHIT NUTZ. They have a good big man/little man dynamic; but their appearance, batshit insanity, and bloodshed is enough to strike fear at the levels of even the most decorated hoss teams.

Accomplishments:

- Bowl of Brutality Tournament winner
- 5x Kansai Xtreme Heavyweight Champion
- 1x Kansai Xtreme Anal Fireworks Champion
- 1x Rancho Cucamonga Backyard Wrestling VHS Champion (last champion)
- Buffalo Wild Wings Blazin' Challenge
