What's Going Well?

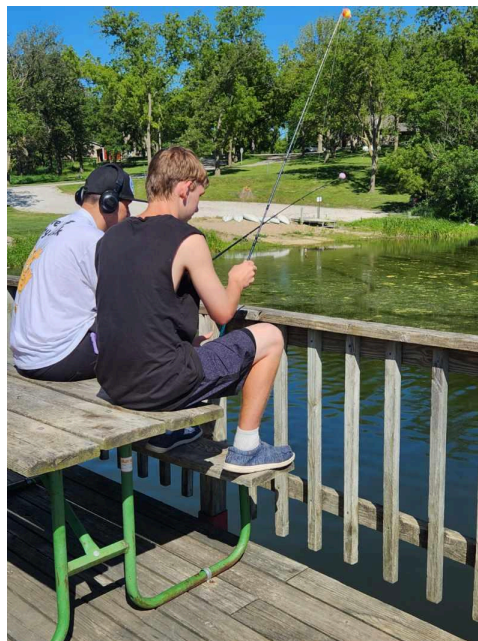

- Summer School just completed at Carroll High School. We had 26 students attend regularly. We had a total of 21 credits (As of 6/17) earned by our students. A huge thank you to Mrs. Maggie Hannasch and Mr. Josh Peter for their facilitation and communication with students and families. We also appreciate the Food and Nutrition Team for preparing meals for our students for the two-week session.
- Our Transition Alliance Program hosted a Summer Camp this week for our Carroll High School students to experience life and work-based learning skills. On Monday, they went to Swan Lake and had the opportunity to learn about DNR/Conversation. On Tuesday, they went to the Carroll Fire Department to experience the different machinery that is used in crisis situations. On Wednesday, the Iowa State Extension Office came in to teach food safety, preparation, and cooking skills. On Thursday, they traveled to I Saw the Sign to learn about entrepreneurial skills, design, and printing. We had strong attendance throughout all the days of camp. For many of the students, they experienced a lot of "firsts" which were special to see and be a part of.
- Our halls at Carroll High School have been busy with Drivers Education, Summer Sports Camps, and the Summer Lifting Programs. Our parking lot is full and it's fun to see so many new faces in the building.
- A huge thank you to Mrs. Angie Jensen for all her efforts this week in finalizing report cards and also for getting all our 2024 graduates final transcripts postmarked to all the postsecondary destinations.
- A huge thank you to Mr. Gary Magil for all his efforts in supporting our Industrial Technology Program. Gary finalized all the projects and coursework this week at Carroll High School. Students built doghouses and began work on a shed for Central Church. A special thanks to Ms. Nora Dirkx and Mr. Doc Madsen for also assisting Mr. Magill on the days he was unavailable. It's been a wonderful and collaborative effort to provide high quality learning for our students. Our students finished the year strong with all their individual projects.

Professional Learning:

- Our Building Leadership Team will meet on Tuesday, June 18th from 8:00am-12:00pm to continue work on the Board Work Session of goal setting and articulation, review Conditions of Learning survey, and discuss behavior response measures for the upcoming school year.
- We have had a strong attendance with Teacher Quality (TQ) this month. Ms. Becky Boes and Mrs. Kelli Schulz offered Technology Training for staff as an opportunity for further learning. We also had teachers working on and finalizing their independent design measures. Finally, our Social Studies Team will receive additional time to be able to begin their curriculum mapping for the 24-25 school year.

Monday - Swan Lake State Park

Tuesday - Carroll Fire Department

Wednesday - Iowa State Extension Office

Thursday - I Saw the Sign
