“ Amaranthine Saga ”

Description for Book One : Tsumiko inherits an ancestral home, a vast fortune, and a butler who isn't exactly human.

Humanity is rocked by the Emergence of a people who call themselves the Amaranthine. They are our myths and legends come to life. Neither human nor animal, yet embracing qualities of both, the inhuman races inspire both awe and fear. Every newsfeed is clogged with updates about the peace process, but some places don't concern themselves with worldly affairs. Like the girls' school run by Saint Midori's of the Heavenly Lights, where Tsumiko Hajime grew up.

A letter from a long-lost aunt names Tsumiko heiress to an ancestral estate and its accompanying fortune. Only the legacy comes with an aloof heirloom: an inhuman butler. Argent has served the Hajime family for centuries, and Tsumiko must renew the generational bond or he'll die. Argent hates her for the hold she has over him, but he craves her soul almost as much as he craves his freedom.

“ The Heirs of Driftmoor Series ”

Description for Book One : Some monsters are born. Others are made. But the worst are inherited.

Long before Driftmoor was a town, it was a threshold where the veil between the natural and supernatural ran thin. Where wicked bargains were struck in the dark. Bargains that cursed four bloodlines forever.

Dorothy arrives at Driftmoor Academy hoping to leave her past behind and become someone new. But after a car crash leaves her teetering between life and death, dark abilities awaken inside her. Whispers through the halls. Nightmares claw at her sleep. And death follows wherever she goes.

As Dorothy is pulled into the gilded world of Driftmoor's elite, pieces of a forgotten legacy begin to surface—along with a power she doesn't understand and a past someone tried to erase. And she's not the only one marked by what came before.

There's the boy touched by the sea, who's drawn to a song no one else can hear. The socialite carved from gold and expectation, clinging to perfection before it shatters. And the son born in shadows, raised by a family that never intended to keep him.

Linked by the bargains of their ancestors, the heirs of Driftmoor must each will they surrender to their curses, harness the power they've inherited, or let it destroy them?
