

Suggestions for contacts for Interviews:

Here are some contacts to share with your students:

Bob Bindschadler - climate scientist

Here is his contact info:

bobbindschadler@gmail.com

Restorative Agriculture: Compass Rose Farm 360-531-1173

Benefit of Locally sourced food production: Vinder www.veggievinder.com

**Alternative Energy: Power Trip Energy Corp : 360-643-3080,
www.powertripenergy.com**

**Local 20/20 - Community Action on Carbon Dioxide reduction with focus on non motorized transportation plan - translabpt@gmail.com
l2020.org**

People that Laura Tucker interviewed at the Climate Summit (COP21) in Paris this fall COP21:

1) Esau Daniel Sinnok - Has watched the snow and ice pack change his community.

Age: 18

Where: Shishmaref, Alaska

Inupiaq Eskimo

Email: esinnok@yahoo.com or edsinnok@alaska.edu

This just in ... check out [this web page](#) with climate stories. John Sinnok, an Inupiaq elder from Shishmaref, AK speaks about his experiences. With only 650 people in Shishmaref, I'm sure Esau knows this guy, or is related. Could be his dad or grandfather.

2) Zoe McClure; 22-year-old from Australia - Coral Reef scientist

zoe.mcclure@griffithuni.edu.au

3) Sara Norris; 30-year-old bio-fuel engineer from Berkeley

sara.norris@allpowerlabs.com

4) Emmanuel Sultan; french oceanographer who works at the south pole and southern ocean

emma_sultan@yahoo.fr

** they can check out my blog page for more info on all the speakers:

<http://ltuckercop21.blogspot.com>

lauratucker98368@gmail.com

Other Contacts:

Jeff Hartman - Coast Guard experience with rescue operations in the ice in Alaska -

jhartman63@msn.com

Jefferson County Emergency Preparedness :

Tanda McMillin - Program Coordinator (Community 360-344-9728

E-mail

tmcmillin@co.jefferson.wa.us

Tom Locke, Jefferson County Health Department info@jeffersoncountypublichealth.org

Local health concerns related to emerging diseases

Jeff Randall - PUD Commission - alternative energy specialist - jeffrandall@gmail.com

City of Port Townsend - Planning - future plans based on sea water rise?

Senior Planner / Planning Manager Judy Surber (360) 379-5084 jsurber@cityofpt.us

Public Works Director Ken Clow (360) 379-5090 kclow@cityofpt.us

Questions about ocean acidification on shellfish production:

Community Relations, Sustainability, and Shellfish Promotions:

Marco Pinchot, 360-432-3319, marcop@taylorshellfish.com

Local climate action group: <http://l2020.org/climate-action/climate-change-resources/>

Joan Carson: Newspaper columnist who tracks things like changes in bird migration:

kitsapaudubon.org joanpcarson@comcast.net

Answer questions about local weather and climate changes:

<http://legacy.king5.com/story/about-us/team-bios/2014/08/18/jeff-renner-king-5-seattle-news-weather-meteorologist/14255293/>

Jeff Renner

legacy.king5.com

Meet Jeff Renner

For adaptation and mitigation info for changing climate ... these two headed up a big Olympic Peninsula grant on adaptation and mitigation from climate change in our area

Cindy Jayne: cindyj911@yahoo.com

Kate Dean: kdeanconsulting@gmail.com (she is also a county commissioner)

Professor at UW:

Peter Rhines: rhines@ocean.washington.edu

Here is his web page: <http://www.ocean.washington.edu/people/faculty/rhines/rhines.html>

If they want THE most knowledgeable person I know on climate change, find Dahr Jamail, a current PT resident, who was supposed to speak at a Friday Salon on climate change but had to cancel. Chris Pierson should have his contact info.

Wishing you well with all of this -

Laura
