

## Coffee with the Principals

Coffee with the Principals is a monthly meeting that is held to encourage dialogue and improve communication amongst the members of our school community and to provide opportunities for parents to contribute to the school as a whole. All parents are welcome to attend. These meetings are also held in order to support the creation of a culture that is academically rigorous, but also emotionally and socially nurturing as UCIS looks to create proficient communicators, investigative problem solvers, diligent scholars and ethical and honest students who are adept researchers.

Coffee with the Principals also strives to offer a structure to connect parents to the volunteer needs of the school. These opportunities are determined through committee work and a collaborative mission to continually improve the school as it strives to meet its mission and vision.

This community-based approach allows us to engage in school improvements year round so that the students and school benefit from a rich, multicultural experience.

Together we can all accomplish the Unity Concord International School mission to prepare students for lives of purpose, service, and leadership by stimulating an intellectual, cultural, and social learning environment, motivated by love for others. See the dates and times below. Translators will be provided for these sessions.

## Coffee with the Principals!

We look forward to speaking with you.

### Grades PreK-G12

#### Meeting Days and Times

Coffee with the Principals will take place in the U-Cafe from 8:30- 9:30am
