

Dear Parents,

Getting help with homework may benefit your child. In my experience, I have found that many school problems could be avoided by consistent attendance and completion of schoolwork. If your child has problems completing homework, the homework club program may work for you.

The club runs from 7:30-8:30 Monday through Friday each week. This club is ***in no way*** mandatory or punitive. I am hoping to create an opportunity for students to complete their homework in a quiet, positive, non-stressful atmosphere. The students are allowed to work with each other and other adults who can further assist them if they have any problems or questions.

If you are interested in this program, I ask that you complete the permission slip below.. Unfortunately, no transportation service is provided by the school, so you will need to provide transportation. I ask that your child does not arrive before 7:25. Students will be met in the lobby at this time, and we will see that they get to their classrooms at the start of the school day.

Sincerely,

Abby Reichart
