

Grade 7 Influences on Music Project

Oct 22, 2019

Assignment:

Create a presentation which describes how a technological invention (e.g., equipment, software, website, process, etc...) has changed the way that we listen to, create, sell or purchase music. Include text, photos, illustrations, audio and/or video appropriate to your purpose and audience.

Due date:

November 8th, 2019

Topics to choose from:

<ul style="list-style-type: none">• The Electric Guitar• Portable Music (e.g. Walkman, Ipods, etc..)• The Internet• Napster, BitTorrent (File Sharing)• Recording Mediums (e.g., Cassette tapes, CDs, etc...)	<ul style="list-style-type: none">• Garage Band (music creation software)• Apple Music/Spotify (subscriptions)• Youtube• MIDI (Musical Instrument Digital Interface)• Others...
---	---

Presentation should include: *(at least 5-6 slides)*

- Title page
- Background information of the invention or development of the technology
- Specific examples of music that was affected by the technology. (include audio!)
- Status or use of the technology today (do people still use it? or has it evolved into something else?)
- Bibliography, listing all sites and sources used in your project.

When you're done, share the file with:
hallrob@hdsb.ca

Rubric:

Criteria	Level 1	Level 2	Level 3	Level 4
Knowledge				
Include all required information	Some of the required information is included	Most of the required information is included	All of the required information is included	All of the required information is included with detail
Verify that all information relevant and accurate	Some information is relevant and accurate	Most of the information is relevant and accurate	All of the information is relevant and accurate	All of the information is relevant, accurate and clear
Thinking				
Demonstrate and understanding of how technology and music influence each other	Presentation sometimes focuses on the important points	Presentation usually focuses on the important points	Presentation clearly focuses on and prioritises the important points	Presentation expertly focuses on and prioritises the important points
Application				
Use correct spelling, grammar and style. (Paragraph form with headlines, lists, etc...)	Uses sufficient spelling, grammar and style	Uses mostly correct spelling, grammar and style	Uses correct spelling, grammar and style	Fluently uses correct spelling, grammar and style
Communication				
Use vocabulary appropriate to subject and audience (correct music terms)	Vocabulary is limited or at times, inappropriate for audience	Vocabulary is sometimes appropriate to subject and audience	Vocabulary is usually appropriate to subject and audience	Vocabulary is always appropriate to subject and audience
Organize information (including visuals) creatively and logically (headings, layout, colours, and pictures)	Some of the presentation is organized creatively and/or effectively	Most of the presentation is organized creatively and effectively	Entire presentation is organized both creatively and effectively. Visuals or audio samples add to the overall effect	Entire presentation is highly organized both creatively and effectively. Visuals or audio samples are engaging and used to support ideas
Final Mark
