

TITLE

FULL NAME (first author)¹, FULL NAME (second author)²

¹ Title, institution, field of study, ORCID number, contact information.

² Title, institution, field of study, ORCID number, contact information.

Abstract

It is obligatory for your abstracts to be in the range of 200-400 words, and to have the name and surname, place of work, field of study, e-mail addresses and mandatory ORCID numbers of all authors in the paper. All letters in the title should be capitalized and centered. Margin should be 2 cm. Font should be set as Times New Roman, 12 pt and single line spacing (6 pt first, then 6 pt). At least three keywords should be written. You must send your abstracts in word/doc format to the relevant congress e-mail address. Keywords: Keyword, keyword, keyword

1. INTRODUCTION

Write the purpose/significance, theoretical/conceptual framework of your study here, including references.

1.1. Theoretical Framework

2. METHOD

3. FINDINGS

Write the findings of your study in this section. If you are going to use tables and figures in your study, organize them according to the examples given below.

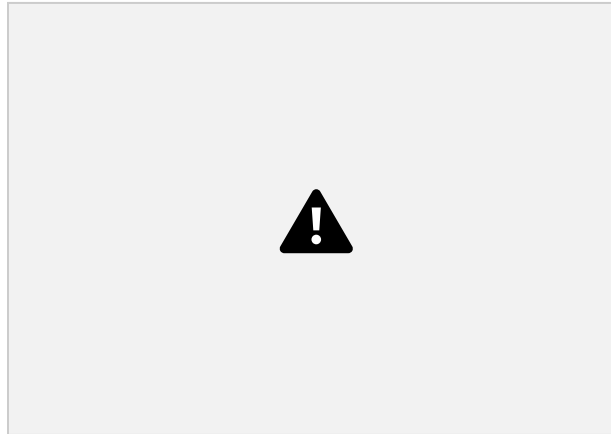

Figure 1. Only the first letter should be capitalized in the information about the figure.

Table 1

Only the first letter in the table title should be capitalized and the text in the table should be in 10 pt.

Participants	Gender	Branch
Participant 1	Male	Health
Participant 2	Woman	Engineering
Participant 3	Woman	Biology

3.1. Subheading of Findings

4. CONCLUSION, DISCUSSION AND RECOMMENDATIONS

5. REFERENCES

The author may use either the APA or MLA system for citation of references according to his/her preference.

A list of the sources used in the study is given under the heading REFERENCES at the end of the text. In this section, where the references used in the study are listed, they should be prepared alphabetically and in the order of the author's surname.
