

Socialization and Identity Project Roll Out

Overview and Project Tasks (Annotate and Highlight important parts)

Write down at least three questions that come up for you while reading:

- 1.
- 2.
- 3.
- 4.

What insights did you gain from reading this document about the project? Share with your partner and write down what you talked about.

Sociology Video:

1. How do they define Sociology?
2. What examples do they give to help explain what sociology is?
3. What is something you thought was a choice you were making, but actually learned from society? Who did you learn it from?
4. In your own words, define what sociology is.

Culture Collage:

What is culture? With your partner brainstorm and write down what you came up with:

Assignment: Create a collage using the materials available to you that reflects how you perceive American culture.

Things to think about for your collage...

- What values do we have in America?
- What behaviors or norms do Americans have?
- What do Americans care about?
- What do Americans like?
- What do Americans do with their time?
- What ideals do we share?
