We would like to officially welcome you to the FWU Summer Quest. This summer, we will work together to provide a safe, fun, and productive day for your child. Each day we will split time between martial arts training, and themed enrichment activities.

While at Fort Washington United, your student will receive 3-5 classes / day in Self-Defense, Striking, Grappling, and in Physical Fitness. Summer Quest is more than just a camp to occupy your child. It is a full spectrum athletics and development experience for students to transform their martial arts skills and stimulate their minds with beneficial STEM enrichment topics, a summer long reading program, weekly educational trips, and one-of-a-kind indoctrination to public speaking. Each week, participants will receive an orientation on the topic of the week that will be reinforced each day with corresponding activities, reading, and trip. The culminating event at the end of the week will be presentations done by each child to their group of peers on what they learned & liked best about the topic.

By the end of the camp students will be stronger, more engaged readers, and will have built confidence not only in martial arts but public speaking as well.
