

Privacy Policy for Hidden Objects Tropical Island

Last Updated: January 26, 2025

The **Hidden Objects Tropical Island** game, and its developer, Elisa Collins, do not collect data about you nor your device. More details about privacy in regard to **Hidden Objects Tropical Island** are below. Know that your data is private, and enjoy playing the game!

1. Data Collection

Hidden Objects Tropical Island does not collect any personal information or data about you, and does not collect any information or data about your device. No personal information or data is collected by the game developer, and no data is sent elsewhere. The game does not require any user accounts, and no personally identifiable information is gathered during gameplay. User preferences and game progress are stored on your local device only.

2. Third-Party Services

No third-party services such as analytics, advertising networks, or data trackers are used within **Hidden Objects Tropical Island**. The Meta platform itself may collect aggregated data about the popularity and performance of applications available from its store, such as a count of how many times a game was installed, and whether the game has been running on devices at an acceptable speed. Because the data is aggregated, it is anonymized and not associated with any individual player. Only aggregated data is available for view by the **Hidden Objects Tropical Island** developer.

3. Data Usage

Since no individual personal or gameplay data is collected by the developer of **Hidden Objects Tropical Island**, there is no individual data to be used by the developer for any purposes, including analytics, advertising, or improving game features.

4. Data Security

As no data is collected or stored by the developer of **Hidden Objects Tropical Island**, there is nothing to be compromised, so there are no security measures required for data protection.

5. Children's Privacy

The developer of **Hidden Objects Tropical Island** does not collect data from anyone, and thus does not collect data from children.

6. User Rights

Since the developer of **Hidden Objects Tropical Island** does not collect any personal or identifiable information, there are no applicable rights concerning data access, modification, or deletion.

7. Contact Information

If you have any questions about this Privacy Policy or would like to contact the developer of **Hidden Objects Tropical Island** for any reason, you can reach Elisa Collins on LinkedIn.

8. Updates to this Privacy Policy

The **Hidden Objects Tropical Island** developer has no plans to collect data at any future time. However, this Privacy Policy may be updated from time to time if requirements necessitate it. Any changes will be reflected in the policy with an updated date at the top. You are encouraged to review this policy periodically.
