

How to import a VM to your virt-manager

Jing, mqjing@gmail.com.

```
virt-install --connect qemu:///system --ram 1024 -n my_new_vm --os-type=linux --disk  
path=/image/ubuntu-12.04.2-server-amd64.clone.qcow2,device=disk,bus=virtio,format=qcow2  
--vcpus=2 --graphics vnc --noautoconsole --import
```
