SOC 206 Week 7: Overview

Introduction

Welcome to Week 7!

This week we will discuss health, health care, illness, and age. Your activities/experiences report is due at the end of this week.Facilitating group, don't forget to post your initial poster and get ready to put your best in this week's discussion board. Rest of the class, keep working on your posters.

Weekly Learning Outcomes

After successful completion of this week, you will be able to:

1. Explain how health is a social problem
2. Compare models of health that sociologists and health researchers use to explain inequality in health outcomes
3. Describe how sociologists make sense of health and illness over time
4. Evaluate the interdependent solutions for social justice equality in health outcomes particularly during COVID-19.
