Ballot proposition analysis teams	Teams organized to analyze the propositions will start crafting arguments based on the recommendations' approval. Deadline for completion is the end of May (TBA)
SOS Publicity Pamphlet	As we review the current list of potential ballot measures, it is important to keep the Secretary of State's timeline in mind. Arguments supporting or opposing statewide ballot propositions must be submitted to the Arizona Secretary of State by July 15, 2026, at 5:00 p.m. , for inclusion in the official publicity pamphlet that is mailed to voters before the general election. Arguments are limited to 300 words and are printed in the pamphlet in the order they are received , so submitting early is important.

LWVUS Guidance

(1) Speaking with one voice

“Speaking with one voice” is one of the most important tenets of the League. The national League is responsible for determining strategies and action policies that ensure that the League’s message on national issues is consistent throughout the country. Similarly, state Leagues are responsible for a consistent state message, and local leagues must cooperate with one another to ensure that regional issues are addressed in a manner consistent with neighboring Leagues.” [IMPACT ON ISSUES A GUIDE TO PUBLIC POLICY POSITIONS of the LEAGUE OF WOMEN VOTERS 2024-2026, p.3](#)

(2) Jurisdiction

The state league has jurisdiction over statewide ballot measures, including analysis and the decision to support or oppose them. It is the responsibility of every local league and its members to ensure we are speaking with one voice through our messaging.

LWVUS guidance regarding jurisdiction states:

“League programmatic efforts should engage the level of government, entity, or institution most appropriate to the level of League, unless otherwise authorized. Local Leagues engage at the community level. State Leagues engage across the state. LWVUS engages across the nation. All work at the federal level is coordinated by LWVUS, and all work at the state legislature level is coordinated by the state League. Thus, local Leagues must coordinate with the state League for any programmatic work related to issues, including elections and voter services that are beyond the local League's jurisdiction.” [LEAGUE JURISDICTIONS: GUIDANCE FROM LWVUS](#)
