### **ABSTRACT**

A single paragraph of about 250 words maximum. For research articles, abstracts should give a pertinent overview of the work. We strongly encourage authors to use the following style of structured abstracts, but without headings: (1) Background: Place the question addressed in a broad context and highlight the purpose of the study; (2) Purpose of the Study: Identify the purpose and objective of the study; (3) Methods: Describe briefly the main methods or theoretical framework applied; (4) Results: Summarize the article's main findings; and (5) Conclusions: Indicate the main conclusions or interpretations.

Keywords: Keyword 1; keyword 2; keyword 3 (List three to five pertinent keywords specific to the article; yet reasonably common within the subject discipline; use lower case except for names)

### **INTRODUCTION**

Within the scope of this research, the intersection of religion and policy represents a complex dimension that is the focus of our study. We employ Garamond font size 11 with single spacing to ensure clarity and readability. This research seeks to comprehend and analyze the role of religion within the context of policy in a specific region. The introduction encompasses crucial elements, addressing what, who, why, how, when, and where the research is conducted, along with the intended research goals.

This study is motivated by the necessity to understand the impact of the interplay between religion and policy on societal dynamics in the contemporary era. By applying single spacing, we aim to provide clarity in presenting the research context. The research focuses on identifying unique factors that distinguish it from similar studies conducted previously.

The literature review supports the foundational analysis by presenting relevant theories and scholarly perspectives on the intersection of religion and policy. In conducting this research, we refer to up-to-date sources, limited to the past ten years, ensuring that our analysis is based on the latest information. The selection of primary literature ensures the accuracy and relevance of the references used in crafting the manuscript.

Emphasis on the urgency, uniqueness, objectives, and research problems provides a clear direction for

this study. The uniqueness of this research lies in its in-depth understanding of the impact and interaction between religion and policy in a specific context, a facet not fully explored by previous research. in the journal religion and policy you are asked to include research methods at the end of the introduction. The method contains an explanation of the research approach, subjects of the study, the conduct of the research procedure, the use of materials and instruments, data collection, and analysis techniques

## RESULTS AND DISCUSSION

The results obtained from the research have to be supported by sufficient data. The research results and the discovery must be the answers, or the research hypothesis stated previously in the introduction part.

**Heading 1: use this style for level one headings**

**Heading 2: use this style for level two headings**

*Heading 3: create the heading in italics*

**Bulleted lists look like this:**

- First bullet
- Second bullet
- Third bullet

**Numbered lists can be added as follows:**

1. First item
2. Second item
3. Third item

**The text continues here.**

### 2. Figures, Tables and Schemes

All figures and tables should be cited in the main text as Figure 1, Table 1, etc.

**Figure 1. This is a figure. Figures should be placed in the main text near to the first time they are cited.**

**Table 1. This is a table. Tables should be placed in the main text near to the first time they are cited.**

Title 1	Title 2	Title 3
entry 1	Data	Data
entry 2	Data	data <sup>1</sup>

<sup>1</sup>Tables may have a footer

### 3. Formatting of Mathematical Components (if any)

This is an example of an equation:

$$a = 1, \quad (1)$$

the text following an equation need not be a new paragraph. Please punctuate equations as regular text.

duplicated references. Referral sources should provide 80% of journal articles, proceedings, or research results from the last five years. Writing techniques bibliography, using the system cites APA (American Psychological Association) Style and the 7th edition.
