KALB FAMILY FARMS

SEASONAL HARVEST Equipment Operator • Aurora, Iowa

Build a Career in Agriculture—Not Just Another Job

Kalb Family Farms is looking for a dependable, safety-minded equipment operator to join their family farming operation. This is a SEASONAL OPPORTUNITY beginning around September 1, carrying through harvest, with additional spring employment available for the right individual. If you enjoy operating equipment, working outdoors, and being part of a respected farming operation, this could be the opportunity you've been looking for.

Primary Responsibilities

- Operate a seed corn dump cart during harvest.
- Run a grain cart during fall harvest.
- Perform tillage and field operations.
- Operate modern farm equipment safely and efficiently.
- Assist with other seasonal farm responsibilities as needed.

About Kalb Family Farms

- Approximately 4,000 acres
- Corn, Soybeans & Seed Corn
- Modern, well-maintained equipment
- Family-owned and operated
- On-farm grain storage

Schedule

Harvest days generally begin around 7:00 AM and continue until the day's work is complete. Expect 6–7 days per week during busy seasons with strong opportunity for additional spring employment.

What They're Looking For

Dependable • Safety-minded • Willing to learn • Team player • Pride in quality work.
Local candidates preferred. Driver's license required. CDL preferred—but not required. Beginners are encouraged to apply.

Why You'll Love This Opportunity

Become part of a respected family operation where people matter. Work in a safe environment, operate quality equipment, learn from experienced operators, earn excellent seasonal income, and build skills that can lead to a long-term career in agriculture. Church commitments will be considered whenever possible.
