

This app is committed to compliance with all applicable country-specific data privacy laws. Protecting the privacy and security of your Personal Data is of the highest importance to this app; therefore, we conduct our business by abiding by applicable laws on data privacy and data security.

Scope and Consent

You accept this Privacy Policy when You sign up for, access, or use Our products, services, content, features, technologies or functions offered on Our Website and all related sites, applications, and services. We may amend this policy at any time by posting a revised version on Our Website. The revised version will be effective at the time We post it.

You acknowledge and agree that it is Your responsibility to review this Privacy Policy periodically and become aware of amendments. Your continued using of the Our Website, products and services will be deemed as Your acceptance of those changes.

Personal Data

Through our Apps, We will not collect any Personal Data about you (e.g. your name, address, telephone number or e-mail address), unless you voluntarily choose to provide us with it (e.g. by registration, survey, contest participation), provide your explicit consent, or unless otherwise permitted by applicable laws and regulations for the protection of your Personal Data.

Customer Support

You may provide us with information related to your use of our services and how to contact you, so we can provide you customer support. For example, you may send us an email with information relating to our app performance or other issues.

Automatically Collected Information

Usage and Log Information. We collect service-related, diagnostic, and performance information. This includes information about your activity (such as how you use our services, how you interact with others using our services, and the like), log files, and diagnostic, crash, and performance logs and reports.

Device and Connection Information. We collect device-specific information when you install, access, or use our services. This includes information such as hardware model, operating system information, browser information, IP address, mobile network information, and device identifiers.

Uses

We use information collected through the Service:

- to communicate with you or third parties;
- to process your requests and transactions;
- to provide and improve the Service;
- to customize the services and/or products we provide to you;
- to assist with our product and service development;
- to perform marketing activities.

We may also use personal information for auditing, research and analysis to operate and improve our technologies and services.

We do not sell or otherwise market your Personal Data to third parties. In rare circumstances, including complying with legal processes, preventing fraud or imminent

harm, and ensuring the security of our network and services we require third parties to comply with our Privacy Policy and any other appropriate confidentiality and security measures.

This app uses a self-assessment approach to assure compliance with this privacy policy and periodically verifies that the policy is accurate, comprehensive for the information intended to be covered, prominently displayed, completely implemented and accessible.

We encourage interested persons to raise any concerns using the contact information provided and we will investigate and attempt to resolve any complaints and disputes regarding use and disclosure of Personal Information in accordance with the Principles. If a complaint or dispute cannot be resolved through our internal process, we agree to dispute resolution using (an independent resource mechanism) as a third party resolution provider.

Changes to This Privacy Policy

We may change this Privacy Policy from time to time. If we make any changes to this Privacy Policy that we think materially alter your rights, then we will post the latest policy to this site and change the "Last Updated" date above. We encourage you to review this Privacy Policy whenever you visit our Service to understand how your information is used.
