SPP Academic Technology Support

ELMS: elms.umd.edu

The University of Maryland uses an enterprise learning management system (ELMS) provided by Canvas as the university course management system. All courses at the university automatically have an ELMS space created for them, but it is up to you as to how you want to use this in your course. ELMS allows for online submissions, dissemination of grades in a way that is FERPA compliant, group work, peer review, online quizzes, group discussion, and even integration of outside tools. To submit course grades and print out course rosters (with pictures), you will need to log into a separate system, UMEG.

- Getting started with ELMS and brief video tutorials to help you begin.
- You may schedule a **one-on-one training appointment**: ltdesign@umd.edu
- Self-Paced Training For Faculty: <https://umd.instructure.com/courses/125380>
- If you want to go to specific ELMS tools, please click this:
<https://community.canvaslms.com/t5/Instructor-Guide/tkb-p/Instructor>
- Support: elms@umd.edu
- Instructions on how to add a TA or Guest Instructor are [here](#)

UMEG: umeg.umd.edu

The following services are available on UMEG:

- View Course Rosters (updated daily) including Roster Pictures
- View Profiles
- Submit and Review Grades: Mid-Term and Final Grades: ALL FINAL GRADES MUST BE SUBMITTED THROUGH UMEG- *not through ELMS*.
- Correct Grades
- Send class rosters to your email
- Electronically notify the Registrar's Office of students who are not attending
- Download student email addresses
- Send class waitlists to your email

UMEG Training: <https://www.registrar.umd.edu/training/umeg.html>

UMEG Support: umeg@umd.edu

SPP Tech Support

Our School of Public Policy technology staff are happy to help! You can reach them at:
