

MiniBot Documentation

Team Name / Robot Name:	Visualization: Attach a photo, sketch, or CAD drawing here.
Creator's Name:	
Date:	

Design Intent:

- Write a few bullet points on the design objectives and strategies.
- List and describe each function and capability.

Control methods:

- Describe the method of remote control for driver interaction with your MiniBot.
- Describe any automated systems and their functions.

Appendix:

- Attach any additional information and diagrams/drawings you feel are important to your design.
