

The Great GEN IX Pancake Bakeoff!

Your Individual Task:

- ★ Create 3 unique pieces of pancake art:
 - Fear - draw an emoji that represents something you fear about the future
 - Fantasy - draw an emoji that represents a fantastical dream you have about the future
 - Phenomenon - draw an emoji that represents something you hope for in the future
- ★ You can refer back to [these slides](#) for guiding questions and examples.

Your Team Task

- ★ As a team, create a SHOW STOPPER pancake
- ★ Each member of the team will create 1 pancake of the same image.
 - Colors may vary
- ★ As a team, decide on an image that represents a hope you share for the future of the bleeding disorders community.
- ★ This image does NOT need to be an emoji.

Rules

- ★ Each pancake art must have 2 different colors in each image (you can do more if you would like!).
- ★ If pancaking isn't in the cards for you today, you can draw your emojis digitally or by hand 😊
- ★ You will have 20 minutes to complete this challenge
- ★ At the end of the 20 minutes, we will bring everyone back to the main room and one member of your group will present your showstopper with a *brief* explanation of why your group chose that image.
- ★ You will also need to establish a team name that relates to your team's showstopper to share when you 'bring it up'.
- ★ Judges may pop in and out of your team tents, but feel free to hit the "ask for help" button if you need it.

PS

- ★ Share tips and tricks as you create each pancake - support each other for a better chance at success
