

Cyber Wizard!

Pop quizzes are
fine. Pop-ups?
Never.

Cyber Wizard!

I'm the firewall
your mother
warned you about.

Cyber Wizard!

I keep my passwords
long and my Wi-Fi
locked down.

**Cyber
Wizard!**

Multi-factor
authentication?
More like
*multi-factor
fabulous.*

Cyber Wizard!

I eat malware for
breakfast—with a
side of
encryption.

Cyber Wizard!

I update faster than
you can say
'zero-day exploit'.

Cyber Wizard!

I spot cyber
threats like a
ninja.

Cyber Wizard!

Encryption is my
digital superhero
cape.

Cyber Wizard!

Phishing emails
fear my savvy
wrath.

**Cyber
Wizard!**

My network is
safer than
grandma's
cookies.

Cyber Wizard!

My firewall is
hotter than
summer in
Baltimore.

Cyber Wizard!

I follow online
safety like a GPS
route.

Cyber Wizard!

I protect my
identity like a
secret agent.

Cyber Wizard!

I update my
software like I
refresh
Instagram.

Cyber Wizard!

I protect my
data like it's
pizza.

**Cyber
Wizard!**

I backup data
like a hoarder.

Cyber Wizard!

I create a safer
digital space,
even for trolls.

Cyber Wizard!

My antivirus
fights bugs
better than pest
control.

HACKED!

Links: if it's
shady, don't
click.

HACKED!

Firewall: your
digital
bouncer.

HACKED!

Backup:
Murphy's Law
exists.

HACKED!

Two-factor:
because one is
too lonely.

HACKED!

Delete old
files: digital
decluttering.

HACKED!

Wi-Fi: secure
it like your
snacks.

HACKED!
Wi-Fi: secure
it like your
snacks.

HACKED!
Overshare?
Nah, keep 'em
guessing.

HACKED!
Two-factor:
because one is
too lonely.

HACKED!
Updates: not
just for your
status.

HACKED!
Phishing: not
the fun kind,
avoid.

HACKED!
Cyber basics:
learn, laugh,
repeat.
