

THE FOXHOLE FUND

A bookish-inspired nonprofit dedicated to providing gender-affirming care to all

MISSION

The Foxhole Fund is a book-inspired non-profit organization founded with a mission to provide gender-affirming care to individuals regardless of gender identity, income, or location. Our team strives to work with each applicant to focus on what care they, as an individual, need.

THE TEAM

PEACH (they/he) is our Executive Director and founder of The Foxhole Fund. Recognizing a lack of accessibility for people to receive gender-affirming care specific to one's individual needs, they created our organization with the help of their art and book community.

BIA (she/her) Bia holds a master's degree in Clinical Psychology and has years of experience collaborating with nonprofits and volunteer organizations. At The Foxhole Fund, she serves as our Program Manager, overseeing logistics and maintenance for client care, fundraisers, and other such programs.

ABIGAIL (she/her) is our Social Media Manager and works together with Bia to grow our online presence. She strongly believes in creating a safe educational space on social media. As a proud member of the community herself, she is passionate about using her platform to help promote LGBTQIA+ voices in any way she can.
