Materials:

Blue worsted weight yarn (a few yards)

elastic pony tail holder

tapestry needle

Any glue that's okay to wash, such as [Okay to Wash](#) ;-D

Round One- Tie yarn to pony tail holder. Yarn over hook, put hook under your elastic, yarn over hook, pull up and complete a single crochet, chain 3. Work: single crochet, chain 3 all around, the more the better. Finish with a slip stitch in first single crochet.

Round Two- Slip stitch once to the chain three space, chain 3 (counts as your first double crochet), double crochet in same space, chain 3, **slip stitch in 3rd chain from hook (picot made)**, 2 double crochet in same space. Work in each chain-3 space the following: 2 double crochet, picot, 2 double crochet. Finish by making a slip stitch in the third beginning chain. Weave in all the ends with the tapestry needle.

I like making knots and gluing them so they don't show up when you least expect them.... They have a habit of doing that. *smile*

I love Jesus!
