

Hi, my name is **[X]** and I'm a resident of **[City]**. I'm calling to share my disappointment with **[Senator Name]** on their stance on SB 467.

I want you to realize how many of us want to protect our frontline communities. As a statewide leader, I'm asking you to vote for us.

SB 467 would create health and safety protective zones between where we live, go to school, and get healthcare and the toxic neighborhood oil and gas sites that threaten the health of working families. These health costs include cancers, respiratory illnesses, preterm birth risks and high-risk pregnancies. As we face a life-threatening pandemic, we need CA lawmakers to lead by protecting our children and end California's legacy of environmental racism with these common sense health and safety setbacks.

[Senator Name], please join the majority of Californians calling for a **#YesonSB467**

2,500 FT SETBACKS FOR PUBLIC HEALTH.
