## Letter

I would like to apply for a multiple-entry visa to Japan.

In November–December 2025 I visited Japan for the first time and spent two weeks in Osaka, Nara, Arima Onsen, Kyoto, Tokyo and Fujikawaguchiko. The trip made a very strong impression on me and I realized that Japan is a country which feels completely different depending on the season.

This spring I am planning to visit Japan again, including several of the same cities. I would like to experience them in another season and in a calmer way, without trying to see everything in one trip. Returning to places that I already know helps me travel more comfortably and understand the country better.

Because I expect to visit Japan periodically for short trips in different seasons, a multiple-entry visa would make travel planning more convenient.

I respect Japanese laws and always return to Russia after each trip.

Sincerely,  
Ivan Ivanov
