

How to create and save visual basic project

Step 1) Create a Folder on the Desktop with file name as below:

Roll Number<space>Name<space>VB1

e.g. 123 Suresh VB1

Step 2) Open Visual Basic 6.0

Step 3) Create one more form(Form2) in the existing project1.

Step 4) Then Go to the File menu and “save as” both forms one by one in the folder created in Step 1.

Step 5) Finally “save as” the project in the same folder.
