-Joseph Hart -Birth Father- Her father loved her and tried to teach her all he wanted to teach his son he didn't get. He was a bit strict and tough on her but she didn't mind, her parents split when she was 4 and he took care of her until his passing when she was 9. She moved in with her mother, Sam and Max who she had rarely met before.

-Sam Mayfield - Ex Step Father - He took the girl in like his own and she actually didn't hate him. He legally adopted her and she changed her last name when she was 13. Then the two split, and she stayed with her mom and new half sister. Though she misses the person she saw as a new dad a lot.

- Max Mayfield - Half sister- She gets along with her sister and even taught her how to skateboard. She looks after the girl and cares deeply for her often standing up to Billy for her.
