

Local4Action HUB Bilbao

City of Values

Pre-Forum 3 Worksheet

Name of participant city:	
Name and surname of representative:	
Contact e-mail:	

This worksheet aims to collect a short reflection by the participating city team on **what the City Council, as well as other social entities, have done or are doing, for the development of shared values in their municipality.**

Please fill in the tables provided, selecting a maximum of 3 inspiring practices/projects, developed in the city, and linked to 3 different values, included in the Charter of Values.

Once completed, please send this form to citieslab@deusto.es, with the subject "UCLG Local4Action Hub Bilbao Pre-Forum Worksheet 3 – Name of the City", **before the 10th of June.**

The Academic Secretariat will choose one good practice per city, and the city representatives will have the opportunity to share it with the rest of the group during Forum 3. The format of the presentation will be brief, and the graphic base will be provided during the month of June. The practices that are not selected to be presented may also be included in the Catalogue of Inspiring Practices, a document that will be produced with the work of this Forum.

Thank you very much!
