April 27, 2022

Dear Parents/Guardians:

The Hopewell Valley Regional School District will be hosting a Curriculum Night on May 25th from 6:00-8:00PM in the Community Room/Cafeteria at Central High School. The objective of this event is to highlight what students have learned throughout the school year. Demonstrations, student work, and other curricular material will be available to review.

This is a very informal event in which parents/guardians are welcome to attend and circulate throughout the provided time frame. There will be no formal presentations so please attend at your convenience. We are very excited to be highlighting all the great work our students have done this year. We hope to see you there.

Regards,  
*Vicky Pilitsis*
