

2026 Summer Details: College Application Summer Intensive (CASI)

College Application Summer Intensive (for rising seniors)

The Campbell Hall College Application Summer Intensive (CASI) offers a complete approach to building a college application. The small student/faculty-counselor ratio enhances the effectiveness and intimacy of our program. Each day the students will draft their personal essays and writing supplements with an English teacher for two hours, and will work with his/her/their college counselor for another two hours. Guest speakers during the week include a college admissions officer and CH alumni who attended CASI. Students will also meet individually with college counselors and teachers throughout the week. The counselors will direct the students through more in-depth college research and application work while refining their list of colleges to which they are applying; help students understand how to complete each part of the Common Application, as well as the UC application and will review their progress; and teach students about important details surrounding the general college process as well as the internal steps required at CH. Students will make substantial progress on the completion of their applications and essays.

This five-day program is most appropriate for seniors who are applying to private and/or public colleges or universities (especially students who plan to apply Early Decision and/or Early Action) using the Common Application. We will briefly address the UC and CSU applications and the process that they use. **Early registration is strongly encouraged, as the program fills up every year. Students register with their personal college counselor. We will have a waitlist.** We have made a concerted effort to schedule CASI so as not to conflict with other Campbell Hall summer activities, but please check the dates before signing up, as daily attendance is mandatory. A confirmation email will be sent from College Counseling to registered students in mid-June. (NOTE: Space is limited.)

CASI Dates: August 5,7,10,12,14

CASI Time: 10 am–2 pm

CASI Price: \$945.00

Led by: Jennifer Simpson, Director of College Counseling; John Corona, Associate Director of College Counseling; Kimberly Oden, Associate Director of College Counseling; Elisa Sagardia, College Counselor
