

The Council of Virginia Archaeologists (COVA) and the City of Newport News are in communication regarding the archaeological management ethics of Endview. Therefore, we need to form a Third-Party Citizens Committee to review proposals and ensure public engagement with the planning process.

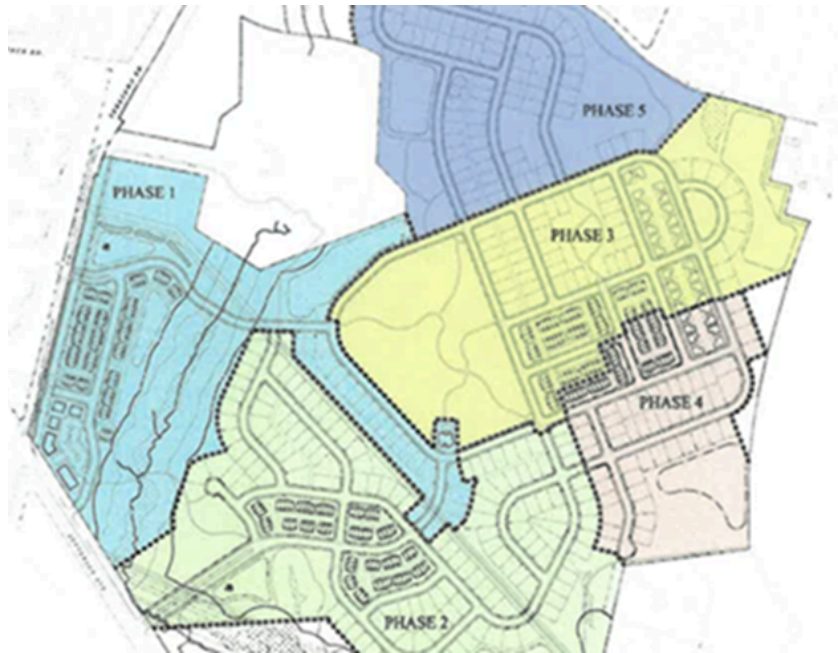

This committee will **review details pertaining to the proposed developments of Endview & Lee Hall** and provide recommendations for COVA and the City of Newport News to work together. We need to ensure that the **Review for Endview accounts for the Ethics** of cultural and environmental resource management. We must also ensure that the City of Newport News continues to do its due diligence by requesting a **proactive review for Lee Hall before any development is proposed.**

Our next meeting is 3:30-5:30PM Friday, October 16th. First Presentation and Discussion 3:30-4:30. Second Presentation and Discussion 4:30-5:30PM. Grissom Library, Newport News, VA 23602. (Meeting Room)
