Our Services Blurb:

You deserve the very best, and our expert team is here to make that a reality. Explore our comprehensive range of services tailored to your unique needs. Achieve a more youthful and refreshed appearance with Botox. Contour your facial features with dermal fillers. Achieve your desired physique and weight with Semaglutide. Sculpt and tone your body without surgery with Emsculpt Neo. At Aviva MedSpa, we prioritize your health and beauty, guiding you on your journey to a happier, healthier you.

Semaglutide

Accomplish your weight loss goals using Semaglutide. The once-weekly injection regimen provides patients with an easy and convenient approach to weight management. This tailored medical treatment is a long-term solution to suppress appetite, increase

metabolism, regulate blood sugar, and burn fat. The entire treatment plan can take up to 20 weeks. Start your journey towards effectively reducing body mass today.

Botox

Turn back the clock with Botox, the most popular cosmetic treatment in the world. Botox is an injectable treatment that relaxes facial muscles to reduce and prevent signs of aging. Say goodbye to expression lines, forehead wrinkles, and crow's feet as we help you achieve the desired youthful look you've been longing for. Notice natural-looking results in as little as 24 hours, with full results in 30 days. No recovery or downtime is needed.

Emsculpt Neo

Unlock the body you've always wanted using Emsculpt Neo. The innovative treatment uses radiofrequency heating to target and destroy fat cells and high-intensity focused electromagnetic energy (HIFEM) to sculpt and strengthen muscle. Achieve a tight and toned body through intense muscle contractions. Lift and build the buttocks. Slim belly, love handles, and stubborn fat pockets. Treatments are non-invasive, painless, and only 30 minutes.

Dermal Filler

Achieve a timeless look with the artistic precision of dermal fillers. Breathe life into tired skin, replenish volume, and smooth away fine lines. A non-surgical solution to enhance areas around the mouth, cheeks, jawline, and chin for impressive, natural-looking results. Create full and plump lips. Accentuate youthful contours. Smooth creases and visage. Achieve your beauty goals and embrace your natural radiance with minimal downtime.

How we started...

Seventeen years ago, during our anesthesia training, we formed a deep bond that laid the foundation for Aviva Med Spa. As we journeyed through life, from newlyweds in our 20s to supporting each other through motherhood and postpartum depression in our 30s, we realized the need for a deeper, holistic approach to wellness. Our careers in anesthesia left us craving more meaningful connections with patients, and we recognized the physical and emotional toll that life can take on women in their 40s. This led to the birth of Aviva, which means renewal or rebirth. At Aviva Med Spa, we're dedicated to helping you achieve maximum health, wellness, and outer beauty. We believe that true confidence arises when the inner and outer selves align, and we're honored to guide you on this transformative journey. Welcome to Aviva, where your renewal begins.
