

SUBJECT: HOW TO BOOST YOUR CONFIDENCE IN JUST TWO WEEKS

I know what you're thinking: "Boost My Confidence in just TWO weeks?? Is THAT EVEN POSSIBLE?". Let me tell you that IT IS.

WHAT IS CONFIDENCE?

Confidence is the feeling or belief that one can have faith in or rely on someone or something.

I'll give You 5 steps, to begin with, if you want to become more confident. If you follow these steps I'm 100% SURE THAT YOU WILL BE MORE CONFIDENT THAT YOU ARE NOW.

See if you recognize YOURSELF in these steps I wrote down for you. If you recognize yourself in some of these then try to FIX THEM.

WARNING: This will only work if YOU want to become more confident. If You are here to be like: "Ohh, I want to become Confident TODAY not in two weeks", then sorry you can leave this mail and live your life as the WEAK person you are.

FIVE STEPS to start looking more confident and to be more confident:

STEP NO.1: Take Care of Your Body - If you think that YOU will look confident with 400 pounds then you have a BIG PROBLEM. Start working out every day for 30 days STRAIGHT and you will see the difference. You will become more confident about your body.

STEP NO.2: Practice Self-Talk in a Positive Way - Stop telling yourself: "Ohh, I'm dumb" OR "I'm an idiot" INSTEAD say: "Okay. This was dumb. I won't do this anymore" OR "This was stupid, let me try something else".

STEP NO.3: Do Things You're Good At - For Example if you are good at engineering DO things relative to THAT or if you are good at video editing do THAT. INSTEAD OF doing something you don't know ANYTHING about BUT you like, DO something that you know and you're good at but you DON'T like it.

STEP NO.4: You Need to KNOW when to say NO - if something makes you UNCOMFORTABLE don't be WEAK and feared What will others say, JUST SAY NO.

STEP NO.5: This is the MOST IMPORTANT STEP on your path to being more CONFIDENT: STOP COMPARING YOURSELF WITH OTHERS - if you're going to be like: " Ohh, He is better than me I can't be like him" you will NEVER succeed in life because you ARE putting yourself on LEVEL BELOW others that you are comparing to.

These are just five steps and I'm 100% SURE that if You follow them you will be in BETTER POSITION IN YOUR LIFE.
