Assigning to a Specific Course Section

A Brightspace Tip

🎥 Video Tutorial

If you have multiple sections or classes within one Brightspace course, you can assign an assignment to specific sections if necessary.

1. Create your Brightspace Assignment, Quiz or Discussion completing the various fields as desired.

2. On the left, open the Availability Dates & Conditions box.

3. Select the drop down beside "Add Release Condition" and select "Create New."

4. Under Condition Type, select "Section Enrollment" found under Classlist.	-- Select Condition Type --
	
	-- Select Condition Type --
	📝 Assignments
	  Submission to folder
	  Receive feedback on submission
	  Score on associated rubric
	  No submission to folder
	Awards
	  Award Earned
	✅ Checklist
	  Completed checklist
	  Completed checklist item
	  Incomplete checklist
	  Incomplete checklist item
	Classlist
	  Group enrollment
	  Org unit enrollment
	  Section enrollment
	  Role in current org unit
	  Date of enrollment in current org unit
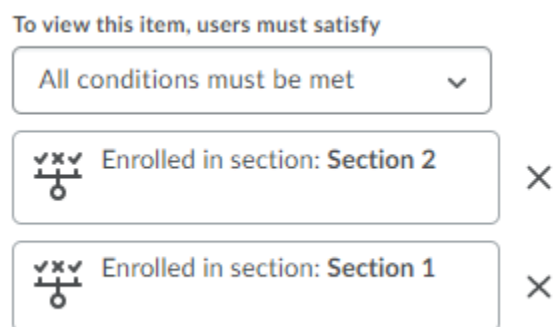

5. Under Condition Details, select the section that should see the Unit.	**Section** -- Select Section -- -- Select Section -- Section 1 Section 2
6. Select "Create."	**Create**
7. Select "Save."	**Save**
Need an additional section to have access? Follow the steps below.	
Repeat steps 3 through 6 above.	To view this item, users must satisfy All conditions must be met Enrolled in section: **Section 2** ✕ Enrolled in section: **Section 1** ✕
Once all your release conditions have been set for all sections, select the drop down beside "All conditions must be met" and choose "Any condition must be met."	To view this item, users must satisfy All conditions must be met ⌄ All conditions must be met **Any condition must be met**
