

Concessions Coordinators

Concessions work best if two people share the responsibility. Concessions are an important service for spectators and raise some money for boosters. Concessions raise large amounts of money during large meets.

The concessions coordinators responsibilities:

- Post current Food license on the fridge
- Make sure the fridge is full and cold for meets
- Purchase and sell food at the meets
- Manage the [Chuck-A-Duck](#) at the meet

Food

Cheapest to go to Sam's Club or Costco (if you don't have a membership someone on team usually has one and will go with you if asked). Good seller items:

- Candy Bars
- Chips
- Muffins
- Nuts
- Fruit Snacks

Drinks

Usually families donate the drinks; historically have broken down donation types by grade but double check roster so you get an appropriate amount of each item. We typically get donations twice; once for home games and another donation for Sections/JV Champs.

- Bottled Water
- Gatorade (smaller bottles; red and orange and blue are favorites)
- Coke
- Diet Coke
- Sprite
- Mountain Dew
- Diet Mt. Dew
- Sparkling water

Large Meets

We generally offer hot food at large meets. Historically, we have made walking tacos or provided hot dogs. With covid we switched to ordering in food and selling. Current food license does not allow for home cooked foods to be served. If you decide to serve home cooked meals that needs to be decided prior to the license purchase. It requires a

lot of additional steps and costs more money. We can sell foods that we order (pizza, sandwiches, etc)

Things that have worked well are....

- 21-22 season, boys team borrowed a pizza oven and pretzel oven from Richfield baseball assoc. (Mike DeRoma). We sold pizza by the slice, pretzels & cheese, nachos & churros. A big hit for big meets.

Coaches Food is provided for Large Meets. Table is generally set-up in the hallway behind concessions. Typical items include fruit/vegetable, granola bars, hot food items and water. Hot food can be homemade since we are not selling. In 2022-2023 season, the boys team had a note “stop by concessions for a slice of pizza or Hot Dog” which was an easy solution.

Set-Up

Arrive at least 30 minutes before the meet. Make sure beverages are pulled out and plugged in the night before. Do not plug in any earlier than 24 hours prior, as drinks have been known to freeze and explode.

Concession License

Girls team generally applies for a food license that covers both teams for the entire year, August - July.. The type of license purchased determines what kind of food can be purchased. Traditionally, the boys team pays ½ of the cost for the license. **The type of license we purchase does NOT ALLOW for home cooked meals to be served.**
