The Board of Education believes the buildings and facilities of the school district represent a substantial community investment. The Board directs the development and implementation of a plan for school district security to protect the school community's investment in the school buildings and facilities. The Board will comply with the security measures required in N.J.S.A. 18A:7G-5.2 for new school construction and for existing school buildings.

The school district security program will include: maintenance of facilities that are secure against unwelcome intrusion; protection against fire hazards and faulty equipment; and compliance with safe practices in the use of electrical, plumbing, heating, and other school building equipment.
