WHAT WOULD YOU ADD?

This is an open Google Doc for people who listened to Episode 10 of the DIESOL Podcast. If you have your own ideas.

- As an extension for early finishers or as a follow-up assignment have students record using Screencastify to explain the journey their zebra took to reach the watering hole. You could even challenge students to use a different conditional for a route it didn't take. *If the zebra had traveled to the rocks, it would have jumped them.*
