Notes:

- Some students do not take a core art or music class when they have met proficiencies if it conflicts with also taking Algebra or 5 days of a world language.
 - Ex: A student in band doesn't necessarily take general music if their schedule is full of academic challenge
- Specialized instruction in 1:1 or pull out are scheduled periods 1-3 and not out of core class / first best instruction time
- Tier II and push in supports are scheduled during core time
- Band lessons are also scheduled as much as possible periods 1-3 during student choice
- Teachers decide what choice classes they wish to teach based on their interest and skills
- The master schedule periods 1-3 is set after student input on choice preferences and after determining specialized services and guided study needs.
- Other than PE, students may be in choice classes that include a mix of students 5-8.
