

Glossary

Glossary Entry Template

- Term: word or fragment that is unknown or to be introduced
- Definition: short description of the meaning of the term; not longer as 2-3 sentences
- Alias: (optional) list of similar terms or synonyms
- Category: (optional) in case of multiple glossaries or a big glossary, the category the glossary term belongs to
- Further reading: (optional) list of links to additional resources that are related to the term and e.g. explain the usage or a specific functionality

Glossary Entry Example: Content Page

A content page contains the information similar to a Word document. It belongs to a document. Changes to the content page are historized, so that previous versions can be read and used by the editor.

Related to

- Content Element
- Content Slug
