

Survival and Flourishing Corp (SFC)

NON-BINDING STATEMENT OF INTENT TO MATCH DONATIONS

September 11, 2025
Modeling Cooperation

Dear Modeling Cooperation,

On behalf of Jaan Tallinn, we're pleased to inform you of his intention to donate up to \$26,000 in unrestricted matching support grant funds to Modeling Cooperation.

These funds are intended to match up to \$26,000 of funds raised by Modeling Cooperation at a matching rate of 1x, subject to the parameters described below (which Jaan Tallinn or Survival and Flourishing Corp (SFC) may change, suspend, or withdraw at any time in our sole discretion).

SFC intends to facilitate the matching of funds you raise between September 11, 2025 and September 30, 2026 from sources other than those listed under "Exclusions" below, at a rate of 1 dollar for every dollar raised. Disbursements of the matching support grant funds are presently expected to be paid out quarterly, following SFC's receipt of third-party donor acknowledgments for funds raised in the preceding quarter, but the timing, frequency, and amount of any disbursement may be modified or discontinued without notice.

Exclusions: we don't intend to match contributions from any of the following sources:

- Survival and Flourishing .Com
- Survival and Flourishing Fund
- Any funds sourced through Jaan Tallinn through channels not already stated

Bear in mind that you shouldn't *rely* on receiving any portion of the matching support grant funds; any fundraising you undertake is at your own risk. This letter does not constitute an offer or a contract, and no consideration is given or requested. However, it really does represent Jaan and SFC's current intentions.

Congratulations, and thank you again for your positive contributions to the long-term survival and flourishing of humanity and other sentient beings.

Sincerely,
Ethan Ashkie, CEO
Survival and Flourishing Corp
