

Angleism :) By Mousie By Cahir Brennan

Angleisms holy book is The Angle. In order to be in angleism you must worship Bill Cipher the illuminati and live in lagunitas, forest knolls, san geronimo, or woodacre. You also have to master the angle.

You must have and love dogs. Those are the rules that are in Angle Isms holy book. Bill the illuminati is our one and only god.

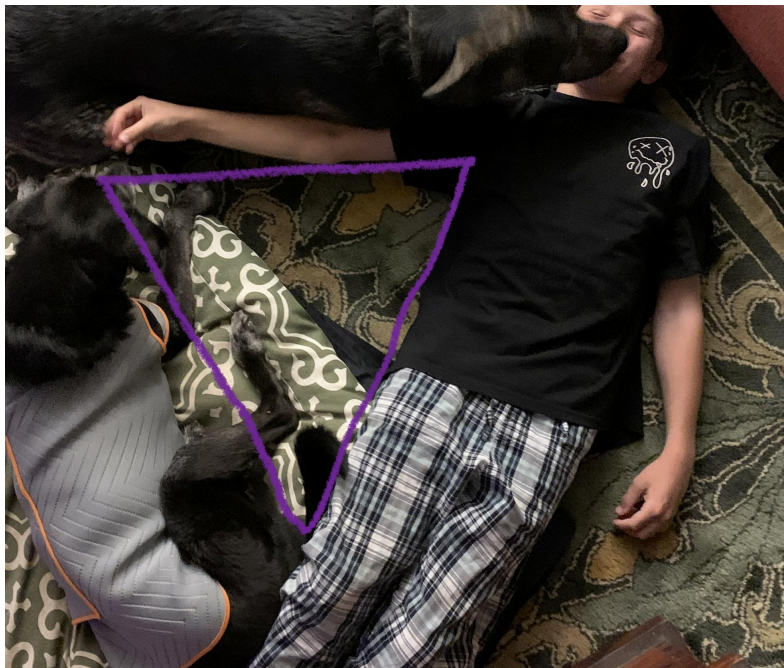

We have illuminati shrines in lagunitas to worship him every week. Griffin Yakich is our spiritual leader. Cahir Brennan is the creator of Angleism. Angleisms followers are called angles. You must have triangles printed on your clothes. When you are old enough you must get a triangle tattoo on any body part.

But u must have those to be an angle and no fruits or yogurts :)

Holidays! Woo yay!

On September 27th Go fishing because it's Cahir Brennan's Birthday and fishing is his favorite thing. On June 18th you must draw 4 triangles on a piece of paper and throw it in a river because that is Bill Cipher's Birthday. On February 15th you must pet your dog in a triangle because that is Billie Brennan's birthday AKA Cahir Brennan's child :). (yes i am a father and an uncle.)

Shrine :)

Shrines >:)

As you can see above we also have our shrines which are formatted with two dogs and the selected Angleism member. We choose the Angleism member by spinning the triangle wheel which will land on a number that each angle (angleisms followers) is given when they are born. They lay in this position for 3 minutes while Bill watches. All the other angels worship if you do not participate in this practice you will be killed by Bill and have an illuminati mark burnt into your skin. You will not have a completed life if you have an illuminati burnt on you.
