CLUBS

Verona High School offers a number of extracurricular and co-curricular clubs for students to join. We strongly believe in the value of students becoming active members in one or more of the many clubs we offer.

Many of our clubs are extensions of classroom learning, promote social awareness, or otherwise provide an avenue for students to pursue their interests. All clubs are supervised by a faculty advisor and all students are eligible to participate.

Club meetings may be held before or after school hours or during the lunch period under the supervision of the club advisor. Students interested in starting a new club should seek the commitment of a faculty member to serve as an advisor and then present a club proposal to the Principal.

All clubs (this applies to new and existing clubs) must complete the Club Application Process. The staff has a copy of the Google Form Club Application. The application must be completed by a staff member with the involvement of student club leadership. Once completed, the application will be reviewed by administration and other staff stakeholders to determine whether the club would be sent for BOE approval to operate in the next school year.

Please see the Verona High School webpage for a complete listing of our current clubs along with relevant information pertaining to them.
