

Cloudy Sky by Shel Silverstein

The character 1 she is a adj girl who verb up in the noun

And that old character 2 he's a great old noun who verb her from afar

He verb her from afar

When Lady character 1 verb down on him ol' character 2 is all a-wonder

So he starts to verb to her and that's what makes the noun

Can't ya listen baby that's what makes the noun

noun 1 is just a adj noun 2 as far as I can see

And that ol' character 2 up in the noun 2 he got much chance in noun 1 as me

And some adj nights she won't come out when she hears him verb

The liquid come streamin' on down his cheeks and that's the rain a fallin'

Don't ya feel it baby that's the rain a fallin'

noun is just a adj noun 2 as far as I can see

And that ol' character 2 up in the noun 2 he got much chance in noun 1 as me...
