Miss X-Mas

I want you to know right now

I'm alone falling with the snow

So cold on my own

I stand here alone not here anymore

Still feel the warmth

from your hand inside my coat

oh yeah

Do you feel the same

when the wind kisses my face

and gently whispers your name?

I'm still loving you

Please tell me how you feel no...

I already know the answer

You're not coming back

So all I can do is send a

Merry Christmas to you

Ohhhh

ohhhh

Night time in this town

Lights up all around

Watch the city glow

Season's here

Time for cheer
How can I you're not here
Can't stay at home
Still feel the warmth
from your hand inside my coat
oh yeah
Nothing I could say
Miss your kisses on my face
You gently whispered my name
I'm still loving you
Please tell me how you feel no...
I already know the answer

So all I can do is send a
Merry Christmas to you
