

Subject: JYPE Protect YUNA and ITZY

Email: fan@jype.com info@jype.com

Dear JYP Entertainment Team

We are reaching out with deep concern regarding the targeted, prolonged harassment of ITZY's Yuna, as revealed through Internal Reports from HYBE. According to these documents, HYBE launched a deliberate campaign against Yuna as early as 2022, filled with inflammatory remarks focused on unfounded narratives about her appearance and baseless implications on her image. These statements, which harshly focus on Yuna's appearance with misleading insinuations, have not only misrepresented her character but have also unjustly damaged her reputation over the past year.

In light of these revelations, we urge JYP Entertainment to take immediate and decisive action to protect Yuna and address this egregious behavior by HYBE. We recommend:

1. Issuing a public condemnation of HYBE's actions, reaffirming JYP's steadfast support for Yuna and addressing the harm this prolonged campaign has caused to her reputation.
2. Pursuing legal action against HYBE and any individuals responsible for this defamatory campaign, which has unfairly targeted Yuna's character since 2022.
3. Implementing further protective measures for all JYP artists, ensuring that each artist's personal and professional well-being is safeguarded from similar unjustified attacks.

As devoted fans who care deeply for ITZY's success and mental well-being, we stand by JYP Entertainment and expect HYBE and all responsible parties to be held accountable for the distress and harm caused by this prolonged harassment. We trust that JYP Entertainment will act swiftly to defend YUNA and ITZY, reinforcing a safe, respectful, and supportive environment for her and all JYP artists.

Sincerely, Midzys

그동안 jyp 출신 걸그룹들이 원더걸스 에서 탈출한 후, 신곡도 그랬고, 1인 두 사람이 이후에 보여주는 행보도 그렇고, 마마존 편도 올해 <복면가왕> 나왔을 때 거의 알아볼 수 없을 정도로 성형을 했던 데 다들 멘탈 방어가 거의 되기 어려운 환경에 장기간 노출된 흔적이 너무 강하고, 그게 특히 외모나 섹스어필에 관련되어 드러나는 경향이 두드러짐. 그런 부분에서 유나도 비슷한 징후가 드러나는게 아닌가 싶기도 하고 장기적으로 걱정스러운 지점이 감지된다 싶기도.
