

The Doc

# Intro

Good morning, evening, or whatever time it is where you live. I wanted to take the time to write this regarding the callout doc of **Gush**, **Ryok**, **Ette**, **Studiery**, and **Jora**. I will be clarifying everything in said doc based on what I do know. Pointing out inconsistencies, lies, falsities, and where I do believe where they are wrong.

If you want the original doc, this link is right [here](#)

Before I start, I have a message for **Chorata** and **Pikpilled**, as I know you 2 have larger platforms. Why haven't either of you two made a post condemning the raids to **Ette**'s server and the doxxing of her? Why is there no post from either of you condemning the harassment **Ette** is receiving as this stuff can lead to doxxing and worse. I know you have offered her support in DMs, but DMs aren't a ton when this is also a public issue. Make a damn post about it, it takes at most 5 minutes.

Also, to the OSC Community, don't blindly listen to your favorite creators' opinions. From your own, take this doc without any bias from the previous, and I hate to describe this way but blindly following someone's opinion is not good. Only makes it seem like you care only for your favorite creator's reputation rather than getting the truth out there. This doc's only purpose was to get the truth out into the public and show concerns with how some people are acting.

You're not fighting for justice if you act this way. You're fighting for bias for silencing actual concerns.

I want to emphasize this as clearly as I can. **I did not write the entire doc.** In some sections where they wrote, I gave them the option to highlight their message, if they didn't that's fine. Making sure this is out there and known to you all before you make baseless accusations.

I also want to let it be known I do not and will not condone any harassment to the individuals involved. It happened to the people involved in their doc, I don't want that to happen to them. But do acknowledge the facts of this document, and make your own decision.

**And finally, before reading this, please do first take a look at AmoebaShleeba's, Spocite's victim, updated document on Spocite, it contains a lot of information important in this document:**

## **Ryok and MoPro incident**

*(people involved: Ryok, Ette, Gush, Mopro, MationsBomb, Matsnat64)*

Let's start off with this, **as it has already been handled in November.**

To sum it up, Ryok called out **Mopro** in October/November over AI Generated videos stereotyping Indians as 'dirty' and showing them struggling to take a shower, and another about scammer centers. From

an outsider standpoint, it does look very racist, and I do believe Ryok had the right to call out **MoPro** about it, even if **Mopro** himself didn't take the videos seriously.

This was resolved in November, I talked with both **Ryok** and **Mopro** about this, they both could've handled it way better than they did. But there's no changing the past. **Ryok** could've been more mature about it and not have been so aggressive and not seeing change, but he had every right to bring it up. **Mopro** on the other hand could've not reposted the video, even if he didn't find it racist but because it was AI. If you aren't already aware, AI harms the environment and uses fresh water to cool it. This goes for both of them, I offered both of them advice on how to better themselves, **Ryok** took it, **Mopro** didn't. Mo has continued to be immature and I don't believe he's really in a place to be talking. The reason why **Ryok** acted the way he did is because he got kicked off the crew of ORBIT over pointless drama that escalated with no explanation given to him beforehand, obviously a person is going to act emotional. For the replies of **Ryok** and **Jora**, they could've worded it better or not reply at all, but they do make a point. **Just because you are of that ancestry or the ethnicity does not mean your actions weren't racist** (which is already unsure, as **Mopro** has been very unclear in his ethnicity and origins, more specifically **how he should actually be allowed to repost these videos**:

You're weird for assuming that I'm racist. I'm nowhere near close that (edited)

Mopro 💕 EDPW 📱 10/31/2025 3:00 PM • he/him

I literally have family that are Indian

I think it's weird for you just to assume whenever it's just AI videos not to be taken seriously. I get from your point of view it might seem really weird but you don't know me at all

**Mopro 💕 EDPW 📱 10/31/2025 3:05 PM • he/him**

**How can I be racist if I am related to one**

**Finding my own people funny**

Mopro 💕 EDPW 📱 10/31/2025 3:07 PM • he/him

I guess you take a bit to understand things

↳ Ryok by reposting racist videos?? + not every Indian person is related to you (edited)

Mopro 💕 EDPW 📱 10/31/2025 3:08 PM • he/him

But that doesn't make me outright racist towards every other Indian. It's like if I" repost " a black stereotype video but I'm black myself. Which I am. I'm mixed

↳ Ryok you're saying this like I have zero evidence to back it up

**Mopro 💕 EDPW 📱 10/31/2025 3:21 PM • he/him**

What evidence

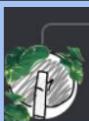

That I'm a person of color?!?

↳ Ryok you never said you were Indian now you keep saying you're related

**Mopro 💕 EDPW 📱 10/31/2025 3:10 PM • he/him**

My bloodline is all over the place but I'm more Black

↳ Ryok you can be a person of color and still be racist

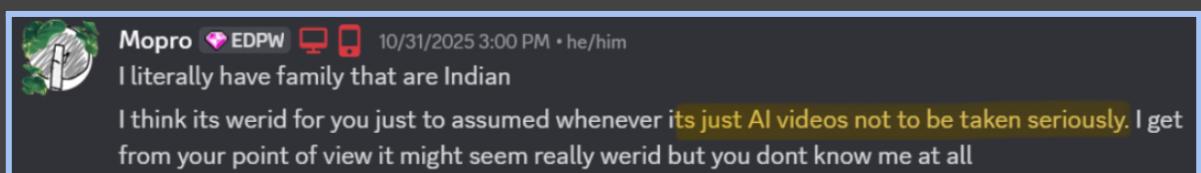

**Mopro 💕 EDPW 📱 10/31/2025 3:22 PM • he/him**

Part Indian what I meant

).

**Mopro** also claims to have apologized, **but some signs point towards this apology being extremely insincere**. A few minutes after **Ryok** published his call out post on **Mopro**, **Mopro** replied with multiple comments not taking it seriously at all, as: “**it’s never this serious**” and “**they’re just dumb ai videos**”.

I also am not sure whether or not this happened after his “apology” or before, but **Mopro** DMd **Ryok** asking about the callout post. **If it was before his apology**, then it would mean he had no intent of actually changing or apologizing and was just trying to clear his image up, further proving he was not actually sorry for what he did. **If it was after his apology**, then it would be contradicting the apology itself:

Mopro ❤️ EDPW 10/31/2025 3:00 PM • he/him  
I literally have family that are Indian  
I think its werid for you just to assumed whenever its just AI videos not to be taken seriously. I get from your point of view it might seem really werid but you dont know me at all

5 hours after the post was created and those replies sent, **Mopro** deleted them and instead quote-retweeted the post apologizing for everything and being truly sorry. **This comes off as very insincere**, if **Mopro** was truly sorry, he’d have apologized from the beginning and not making snarky comments not taking the post seriously.

On the Tiktok group chat, here I can say **Gush** and **Ryok** were in the wrong, they should have never added **Mopro**. This adds another layer of

unnecessary harassment. **The original group chat was made for a personal reason** and not to make fun of **Mopro**. It was for them sharing tiktoks and talking to each other, you can deduct this by looking at the name of said GC and just the early messages.

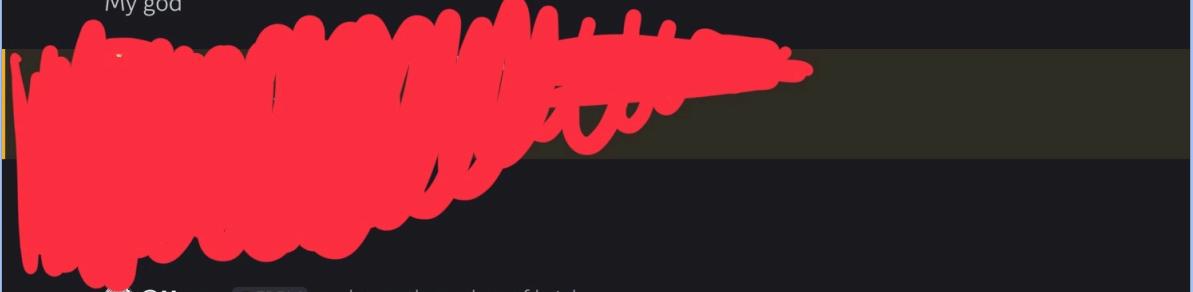

As to the claim that **Gush** ‘cut’ contact with **Ryok** yet still talks to him, cutting off doesn’t mean permanently. I can tell you from a first hand view that **they did cut off Ryok for a period of time**, but they allowed him to grow and change into a better person. The best way to put this drama was 2 teenagers acting immature over something, **Mopro** for reposting a stereotypical video, and **Ryok** acting aggressive and not seeing change. It’s an elementary school fight that got blown way out of proportion. **Ryok** should’ve not acted so aggressive and **Mopro** shouldn’t have reposted two racist, AI generated videos.

**Mopro** has also taken jabs when **Ryok** was trying to handle this whole situation maturely.

 zaya Yesterday at 10:54 PM  
← zaya removed Ryok from the group. Yesterday at 10:54 PM

These screenshots I believe show proof that even though Ryok was trying to handle this situation maturely, **Mopro** couldn't and chose to be very aggressive, insulting and immature instead of working on handling this. **I took back my apology on Spocite after making more research and talking with the victim and other people.**

While Ryok was making me partially upset during this conversation, I do agree you shouldn't shut people out for not liking them or finding them annoying. I think these statements are rude and add nothing but fuel to the fire. **MoPro** is allowed to not like Ryok, but completely stripping Ryok's ability to communicate with them whilst insulting him is immature. You cannot continue putting your fingers in your ears and going lalalalala at someone you don't like in the middle of a serious conversation.

# Pikpilled Situation ( + Spocite and Miku ) [TW FOR GROOMING]

(People involved: Studiery, Ette, Gush, Jora, Ryok, PikPilled, Spocite, Miku)

I do not and will never condone harassment against an individual. This group of people had a reason as to why they harassed [Pikpilled](#), I want to say I do not and will not support the harassment Pik received, but the reason behind it was because Pik was friends with a groomer. I do not believe this was the best way to alert Pik about it, there were many more ways to bring it up more professionally and maturely. They wanted to bring up a problem, with it being that [Miku](#)/Kougins was in fact a groomer, even if her response doc makes her seem like she isn't one. The truth is with that doc, a ton of the screenshots were out of context, and a lot of information was kept out intentionally and I have some that do prove that she is a groomer. I have received full permission from [Gush](#) to share these screenshots here. While I am aware it was incredibly immature to go about the situation as I did, and acknowledge I was very much so in the wrong, I'd also decided to negotiate with Pik and had been waiting for a response from him about [Miku](#)'s side of the story. However, Pik never got back to me and publicized everything instead.

I want to mention I should not have mentioned the [Miku](#) situation before it was ready to be released. It was immature of me to do and knowing now the domino effect it caused, I would have brought this up to Pik before things got messy, like a mature person would do.

**(Miku:** “(replying to ‘ima caress those **miku** areas’) I squirt baja blast”

**Gush:** “(replying to **Miku**) you know me so well”

These are the dm's I got screenshots of between **Gush** and **Miku**. These screenshots have full credibility and legality to be spread as I live in a One Party Consent State (one party has to consent in order to be recorded or shared), and so do the others involved.

I believe 16 screenshots should be more than enough to show Miku's repeated behavior, showing signs of grooming.

These screenshots that I got I believe are enough to debunk [Miku's doc](#).

It shows her coercing [Gush](#), using the R slur, and other gross shit she has done that was not at all mentioned in the doc she made. I will leave a link here to [Gush's doc](#) when it releases. Just because one says they didn't have malicious intentions doesn't mean it's always true. I can say for certainty in these screenshots that [Miku](#) was acting on malicious intent. If we're gonna accuse [Gush](#) of being ableist for using the R slur, I believe [Miku](#) deserves that title as well. I don't condone [Gush](#) using the R slur, but accusing her of being ableist just because of it is an unfound claim that is nonsensical.

In the screenshots above we can see that [Gush](#) is making her boundaries known and [Miku](#) and knowingly going past said boundaries.

Let us also address Spicy (@superspicyyyy). You aren't safe, you have also made really creepy messages to **Gush**, as well making rather offensive messages, despite your claim of being Puerto Rican. Even after that saying you had 'a bajillion passes' for using the N word. I am adding these screenshots as **Miku** is defending and thus enabling this behavior, and trying to pass spicyyyy along as a victim.

This ain't all. **Gush** asked you if you had a crush on **Miku**, as to why. **Gush** and her recently broke up, as she was not comfortable with you speaking to **Miku** because at the time, she saw you as a friend and wasn't comfortable with you talking to **Miku**. You continued to do so, despite **Gush** making her boundaries known.

There is sufficient evidence of you being a racist. Even if you don't, that's how it is seen by others. Especially the parts where you called **Gush** "A stupid \_\_\_" I believe you can fill in the blanks.

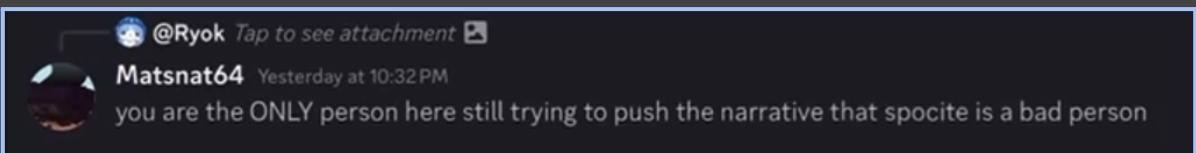

As for **Spocite**, they recently got exposed for being racist and a groomer. If you want to see, the post is right [here](#).

I encourage you to look at the doc, I'd rather make sure everything here is indepth, and I believe this doc does that job well. ([link to the doc](#))

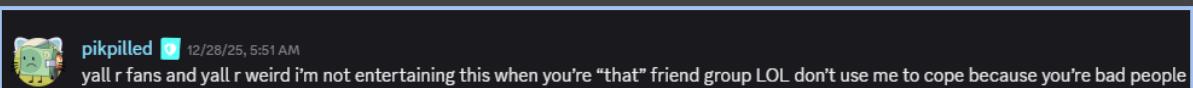

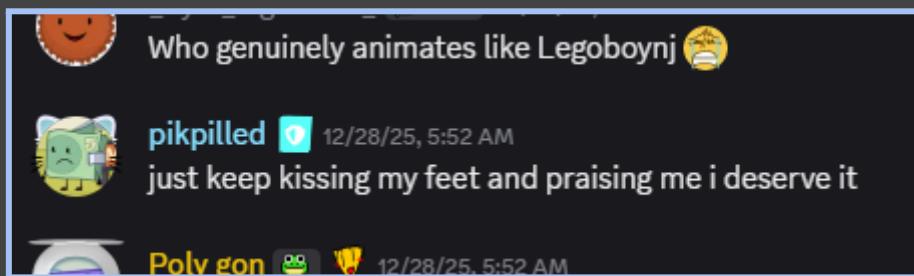

**Spocite** has been known to be a groomer, racist, and yet **Pikpilled** still is friends with **Spocite**. **Miku** was a groomer, and **Pikpilled** still sided with her after receiving proof from **Gush**. This has been proven time and time again that **Pikpilled** chooses to not cut off bad people, even after being shown proof of such.

Now let's go back to **Pik**. I do not condone the harassment that was targeted towards **pik**, but that doesn't exempt **Pik** from doing bad themselves. **Pik** has stolen assets and FLAs, notably the Mirtle Ballooney asset for OSC Fan's pose, without credit at all. You may be asking "Where is the evidence of this?" I can tell you assuredly that it does exist and it is out there. I would have it, but we have experienced some complications as to getting it, hopefully I'll get it soon and then show it here or to people that need this evidence.

Overall, **Pik** has been known and continues to be friends with weirdos, even when presented proof. I do not condone how they treated **Pik**, especially some of the comments, but they had reason as to why they did. They needed to bring it up more maturely and **Pik** should've looked at the proof more than just blindly believing **Miku** or **Spocite**.

Adding these here as I believe they might be important:

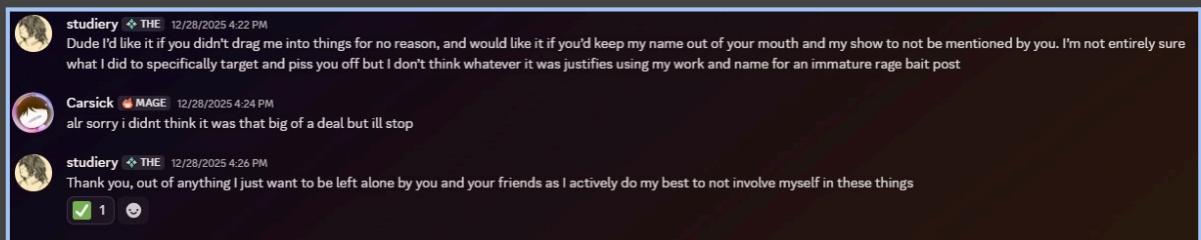

## W[B]S, James T., and Carsick.

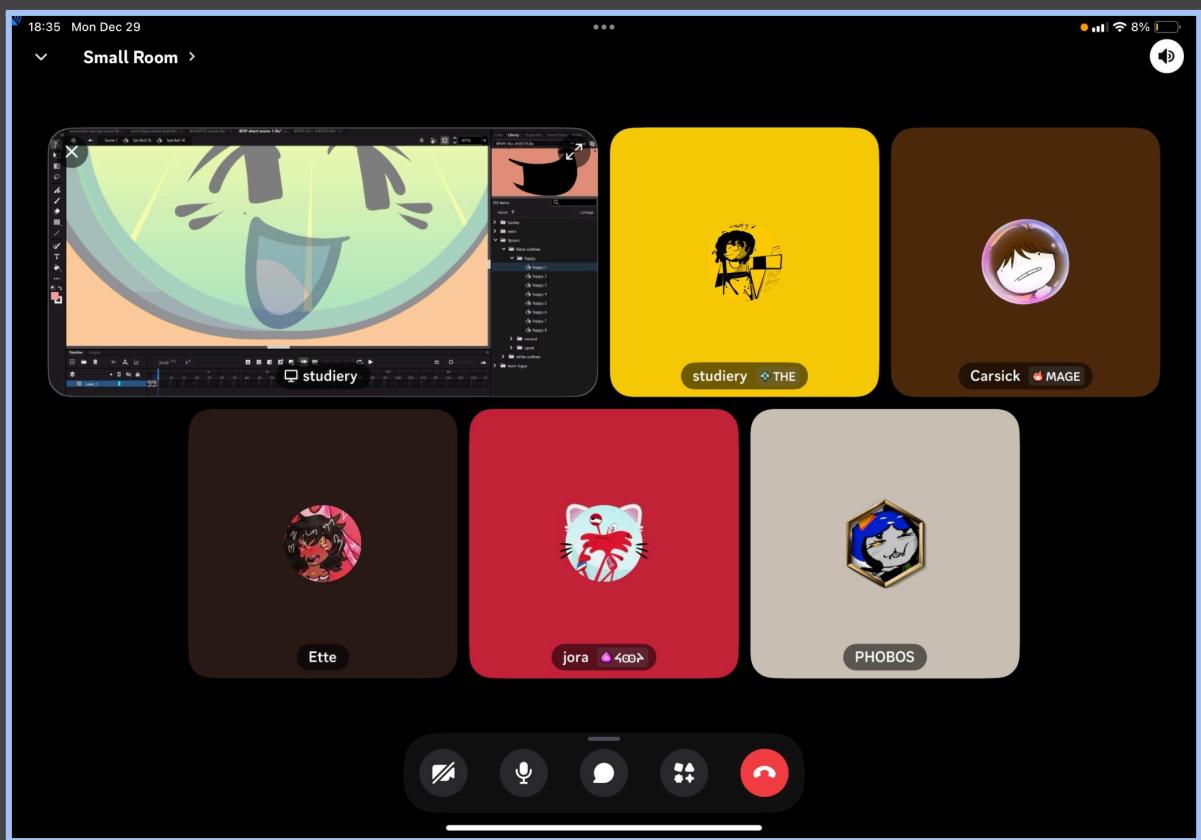

(People involved: Ette, Studiery, Jora, Ryok, Carsick, Chorata, James T.)

I need to make it explicitly known that the people involved have apologized to James T. and have tried making amends.

This whole thing started because Carsick was immature and rude, he is allowed to have his own opinions, but the repeatedness of Carsick going after people involved in the doc is nothing short of harassment. The joke of Carsick posting an image of BURNER with it slightly hued pink was quite rude of him. Recently, it was stirred up again when Carsick made a joke using Studiery's show and gibberish talking mentioning the said friend group. In response, Ette, Ryok, Jora, and Studiery made a joke using an orange tinted AB image to poke fun at Carsick as he works on the show. They're intention wasn't to offend James T. or anyone else, they simply did the same thing that Carsick did. Studiery did take the post down to James' request and handled it maturely with Carsick, also making boundaries known too. With the boundaries to not talk to him, and to not mention his name or show. Carsick agreed to those terms and it should've been just that there.

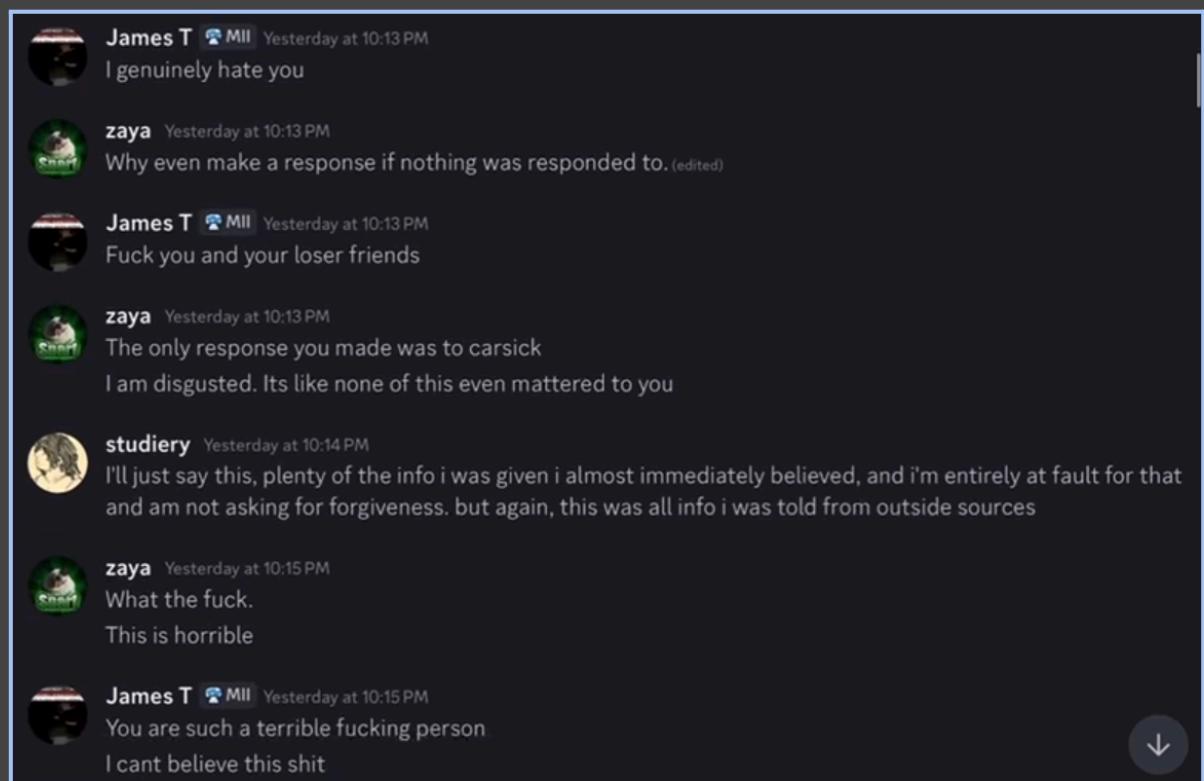

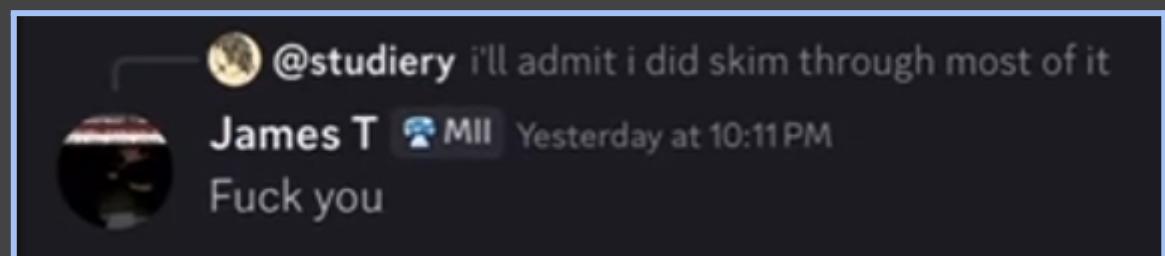

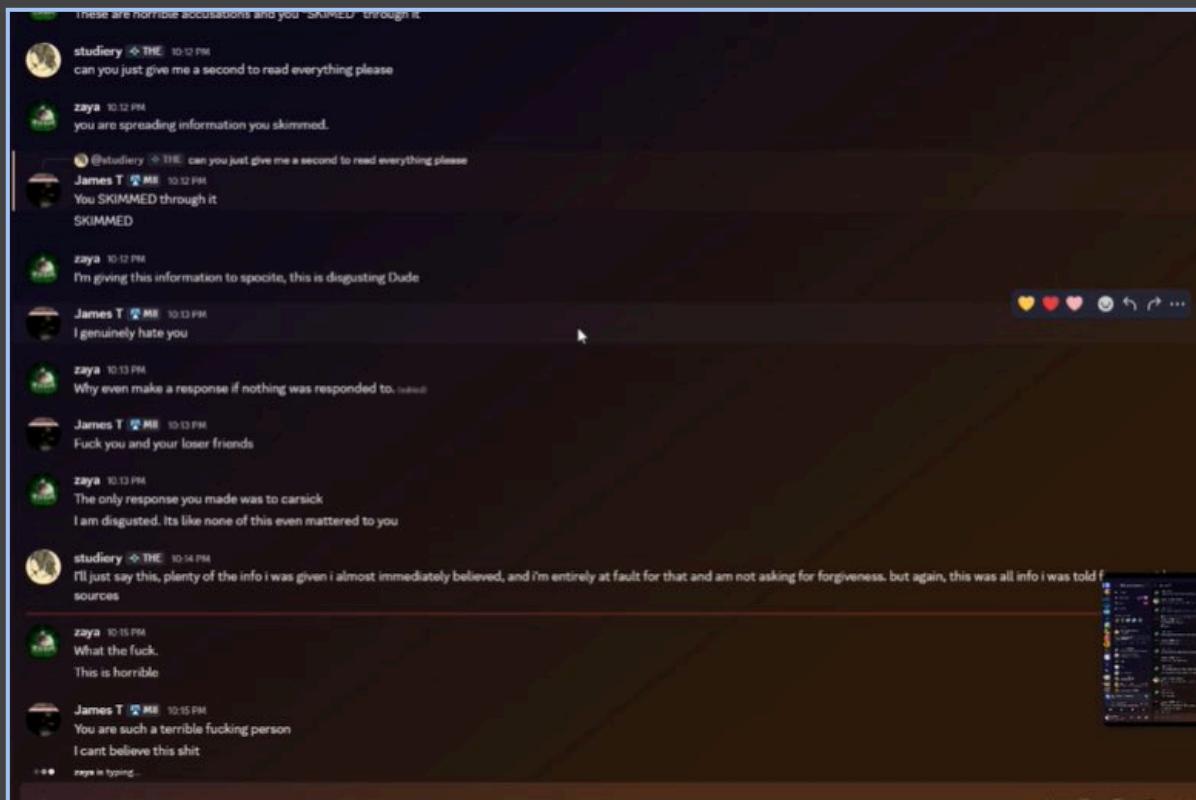

Yet not even a day later, Carsick repeatedly joined and left a vc with studiery in it, breaking said boundaries.

Carsick has shown to not be able to handle situations maturely, break boundaries despite agreeing to them, and just overall be a dick for no reason other than “ragebait”.

James, who was in the groupchat with Studiery, Chorata, etc. was quite honestly extremely rude for no reason to Studiery despite Studiery himself trying to handle this situation maturely.

Not only this, but also defending **Sponce**, along with **Matsnat** (as can be shown previously in the **Pikpilled** section).

If James REALLY wanted to handle this maturely, I don't believe resorting to calling a 16 year old a “terrible fucking person” is the best way to.

Additionally, while **Studiery** shouldn't've added 2 friends at once in that group chat, he was being pelted by insults and very unprofessional and immature behavior. In return, **James T.** added 5 of their friends all at once in the group chat shortly after.

**Chorata** did not do any effort to stop the insults and the harassment on us in that group chat, instead just ignoring it and trying to act maturely. Acting mature is one thing, but I believe you're not doing it right if you can't even tell your friends to stop insulting other people.

As to the VC stuff, **Studiery** and others still making fun of W[B]S, I don't support them on that, but I do believe they should still be able to share their opinion on the show in private, just like what you would do.

The only thing I'm adding to this section for **James T.** is that **Studiery** does apologize, and that the image of AB was to poke fun at Carsick, and not James.

## OSC Hierarchy

*(People involved: Ryok, Ette, Lucas, Josey, TheRookieCookie)*

In full honesty, there was no reason to put this in the doc, I'm only bringing this up as it was in the other doc.

The OSC hierarchy is an opinion, some people say it's real, others say it isn't. But with it being added to the doc only proves it more than not, it was only added to fill the doc. The reason it keeps getting proved is; people who are notable in the OSC often protect other notable people in the OSC, the mere addition of the OSC hierarchy in the doc making it look like it is detrimental to them, and lots of people agreeing to popular OSC creators for seemingly no reason.

I'm done with this section because it has no reason to be in the original doc, where it even says it wasn't that big of a deal.

## OSC Misogyny

*(People involved: ramona, angie, Ette, Ryok, Studiery, Jora)*

ryok typing, first and foremost, **i will mention that this situation was supposedly resolved sometime during late December.** **Ette** and

**Ramona had a discussion in DMs and everything was supposedly settled.** The mention of this drama being brought back again seems a little bit more out of malice rather than anything.

a lot of the elements from this category are out of context, outdated and one of them is borderline lying. I will try my best to put more clearance on this and share my side of this situation:

**All of our views have completely changed or mostly changed since then, and we take full accountability for mocking ramona in HTwins as that was absolutely dumb and immature, and also not believing that she received threats and horrible comments on her strawpage, so I am asking to please not still think we still have the same views from August.**

Starting off by saying that we did not go after ramona because they disagreed to talk in dms with Ette. **I will repeat, our views have changed since, this is just how we saw it back in July and August:**

At one point, we decided to collectively go in HTwins to “mock” ramona for their claims. This was completely immature and stupid of us. No actual insults or discriminatory comments were thrown, it was just dumb jabs at their tweets. Again, it is not something we should’ve done and we apologize.

Ramona mentions in the document that we’d continue to ping them through replies as if we were intentionally pinging them to get more of her attention. We only separately pinged her twice. I believe this was added as if we were constantly trying to give her notifications, which was absolutely not the case.

I do want to mention that my argument where Ette was 15 was a little bit misinterpreted (**I do not still stand by it, I am just clarifying what I actually meant.**): I was not saying Ette shouldn't be held accountable for this. I was saying that, for the scale of the issue, mocking somebody on HTwins for a couple of minutes shouldn't be taken publicly to twitter, especially when Ette was just 15, I just didn't believe it should be a public issue. No efforts were made to call out Ette privately, this was immediately brought to Twitter.

Fast forward to the situation with me and **Mopro**, ramona publicly points out and adds more fuel to the fire the similarities on her situation and that they believed it was hypocritical of me calling **Mopro** out. This did not need to be brought up again at all, it would've just caused more harassment which is something ramona was against. They should've privately talked with Ette about her repeated behavior, and making it public seems like it was just out of bad intentions.

Angie, like ramona said, is one of their closest friends. Angie is also 21 years old. While I do believe you should always be defending your friend in a situation where they're not objectively in the wrong, harassing/bullying **Ette** for months on end and insulting her on repeat as a 21 year old is extremely weird and absolutely unprofessional from an adult to a 16 year old. Ramona also did not do anything about this despite knowing about it at first, before they told angie to slow down and stop with the harassment.

**Jora**, one of my friends, decided to join the server, unknowing that it was Ramona's friend server. **We (we as in absolutely NONE of our friend group) are absolutely not responsible for the raid and the gore spam, it was just an unfortunate coincidence.** I am terribly sorry for all the people who had to witness that, but I can confirm that this isn't us.

# Hypocrisy

(People involved: Everyone)

This section is to mention the hypocrisy made by the people who made the doc, and who were involved in the situation.

Before I get to that, I want to talk about this:

Even though **Gush** and **Ette** had confirmed them and the rest of the friend group had cut ties with **Ryok**, they still continuously associate with them after the ordeal.

They did cut ties with Ryok for a period of time, that doesn't mean they did it permanently. I've brought this up before in this doc but it needed to be said again.

The doc was made to 'show the actions of @ettefla, @Studiry, @joralooo, @Gushsplat, @reeyolk and their consistent harassment and targeting of several members in the community.' as said in the doc. Yet all this has done is cause harassment to them. I looked through the entire doc and I do not see anything in it saying to not harass the people involved.

First we got someone outside of the drama pointing out that they get harassed and have been harassed for the longest time every time they bring up **Spocite** being a bad person.

**FYSH** Yesterday at 20:45

You know what's a little crazy to me

Spocites goons (my new group name for them) like to act like they're SOOOOOOO much better than you guys but the truth is they're just as bad as that doc made you seem

They've literally been harassing me for the longest time everytime i bring up spocite

I've known Fysh, we don't agree on everything, but we do agree that the doc made by them was stupid, and painted those involved to expose as worse than they actually are.

We also got something from Amoeba themselves, who were hounded by 5 of **Spocite**'s friends to take down the doc.

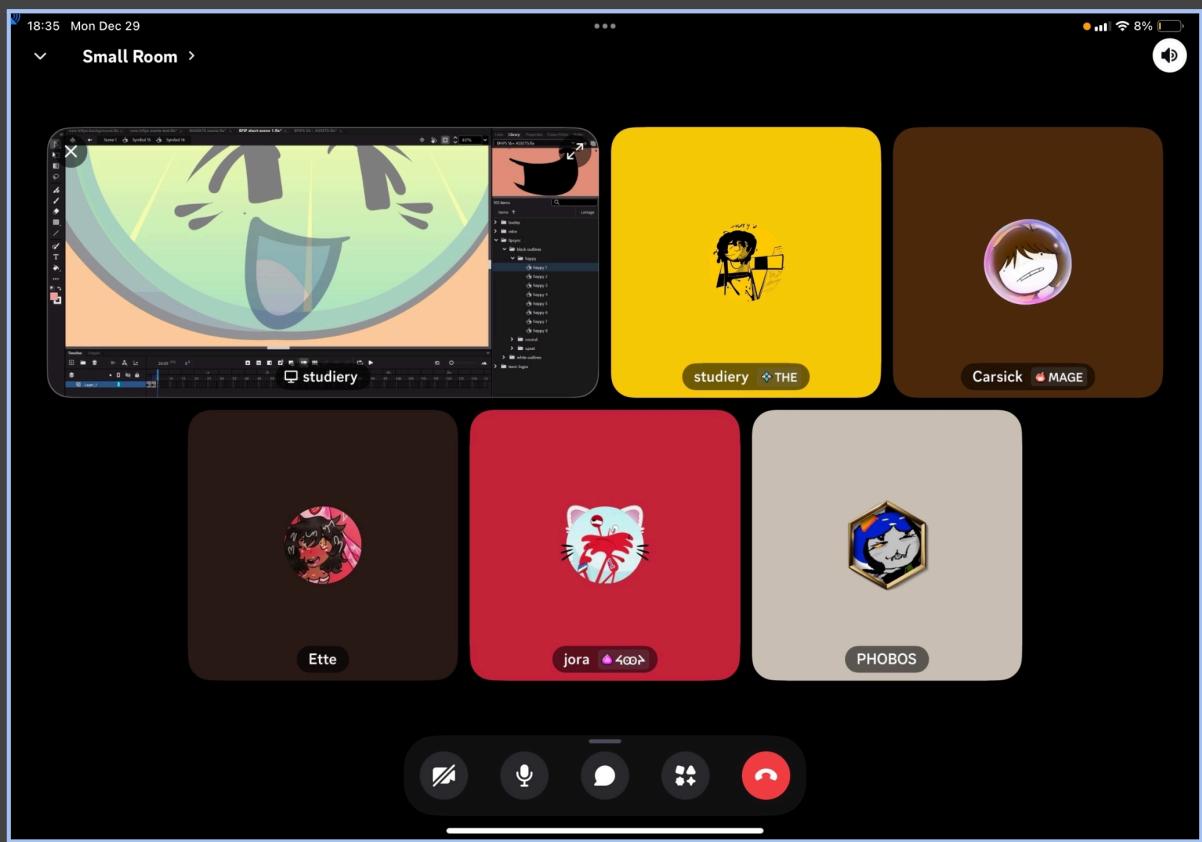

**lovelyplanet** Yesterday at 07:05

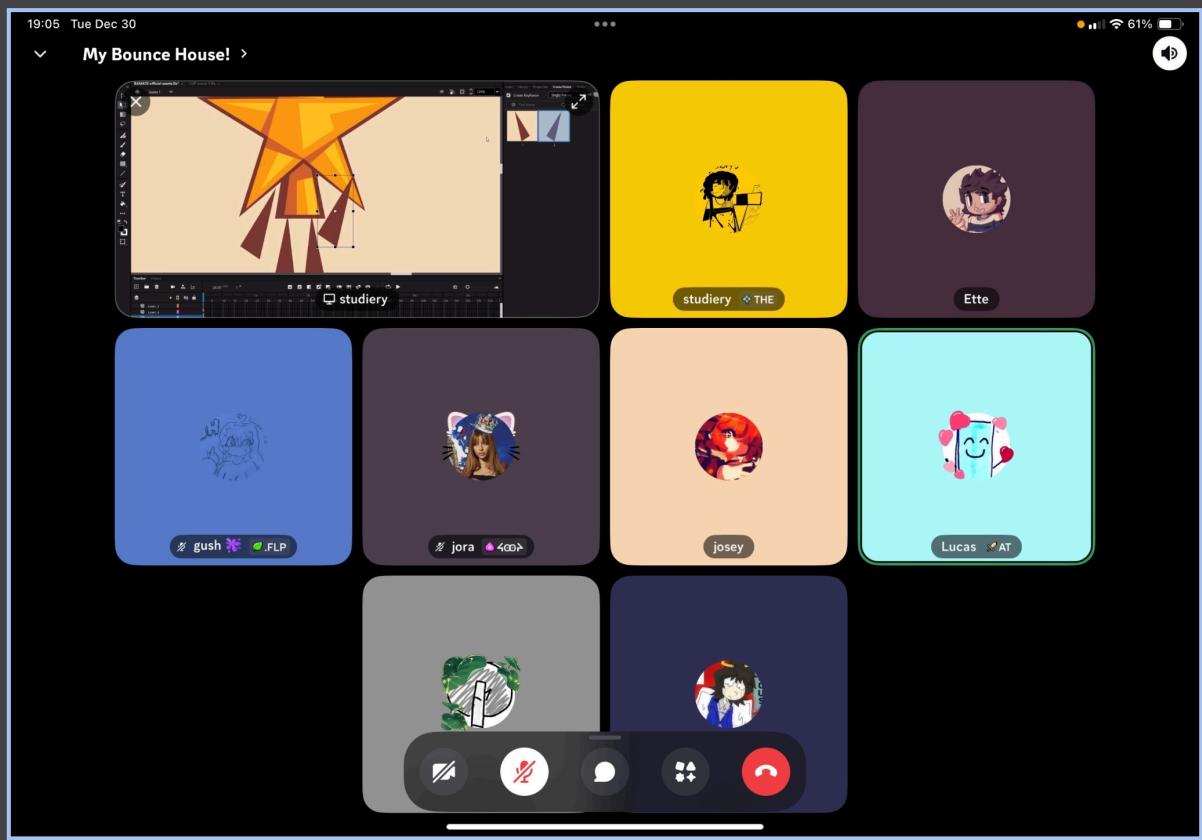

this unfortunately does not surprise me as when i uploaded the doc myself i was hounded by like 5 of spocites friends to take down the doc and told how it was stupid or unfounded. spocite also did not directly say anything there either but i was told there was a gc discussing it at the time

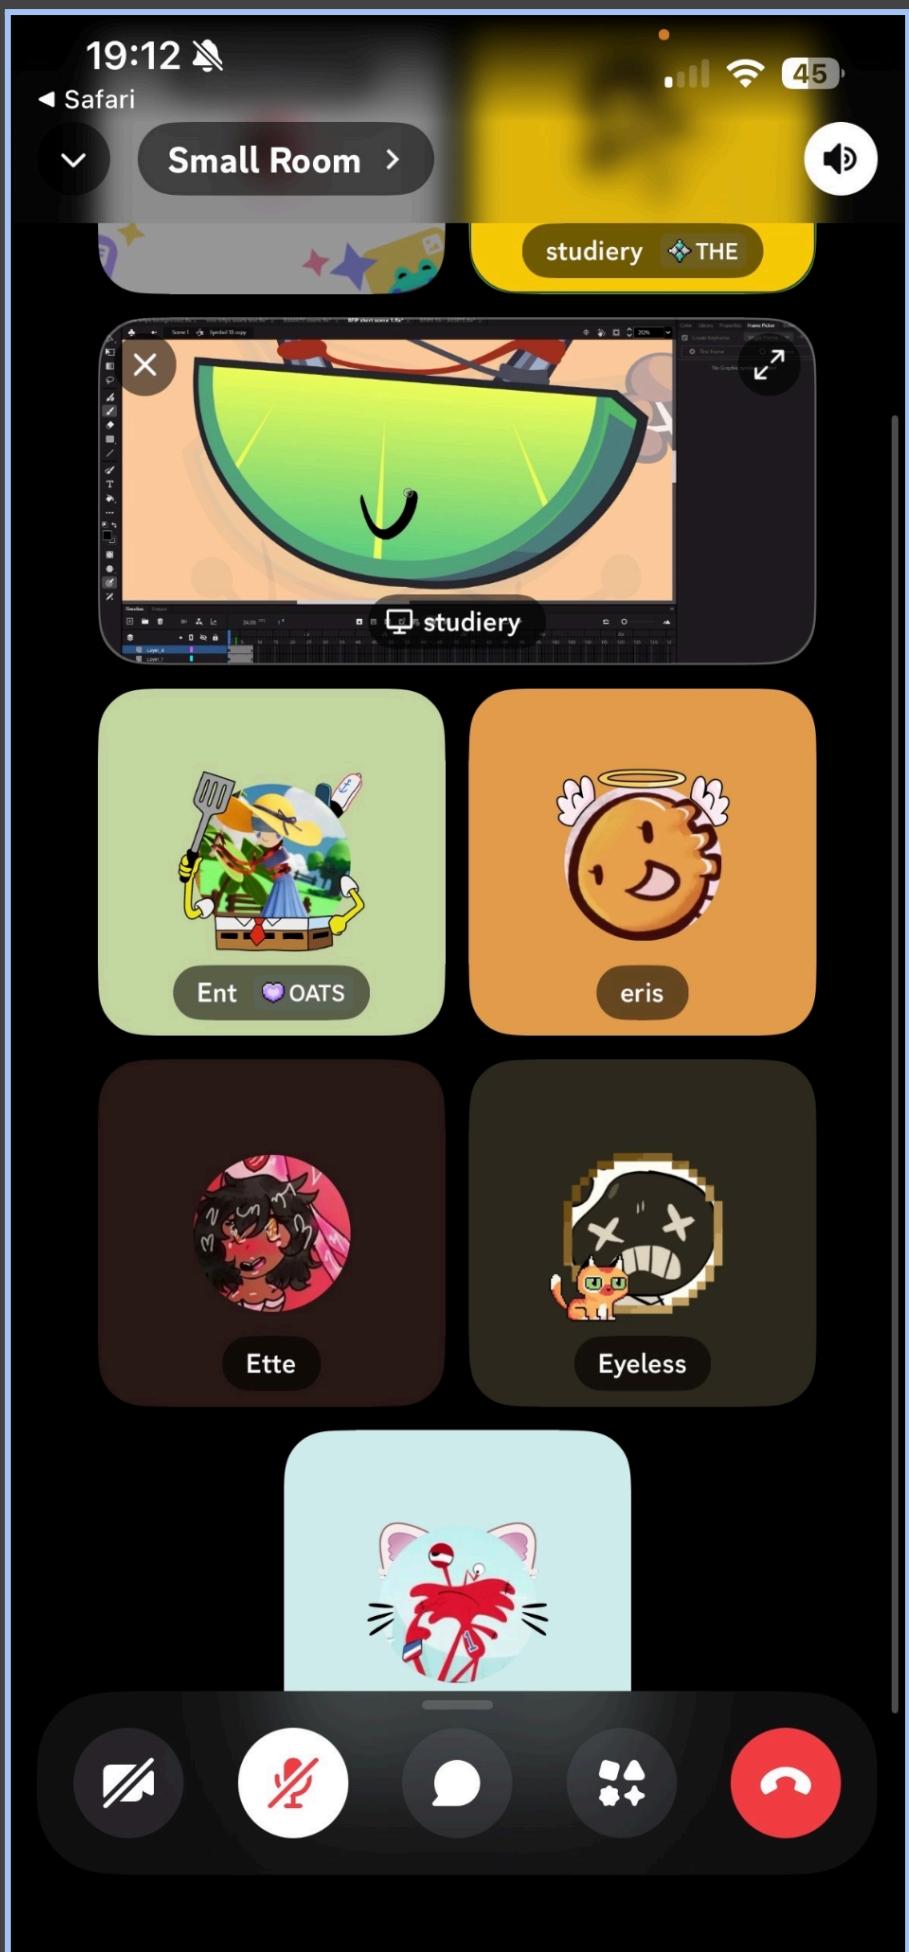

Not only is this repeated targeted harassment, but also silencing the victim. The fact that they think they're morally above is nothing short of ludicrous.

They claim to not support harassment themselves, yet they harassed Ryok, **Gush**, Ette, **Studiry**, and others by repeatedly joining voice calls.

Even if the voice calls are public, it is still harassment.

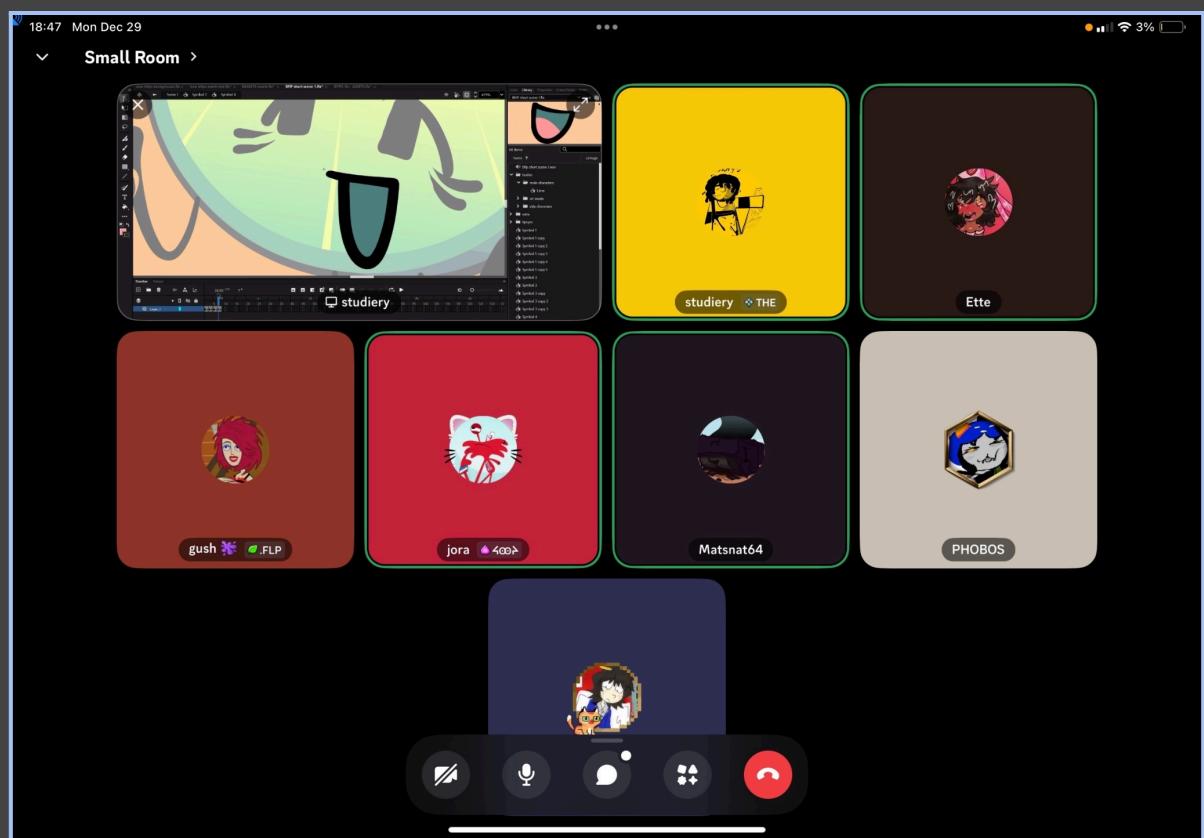

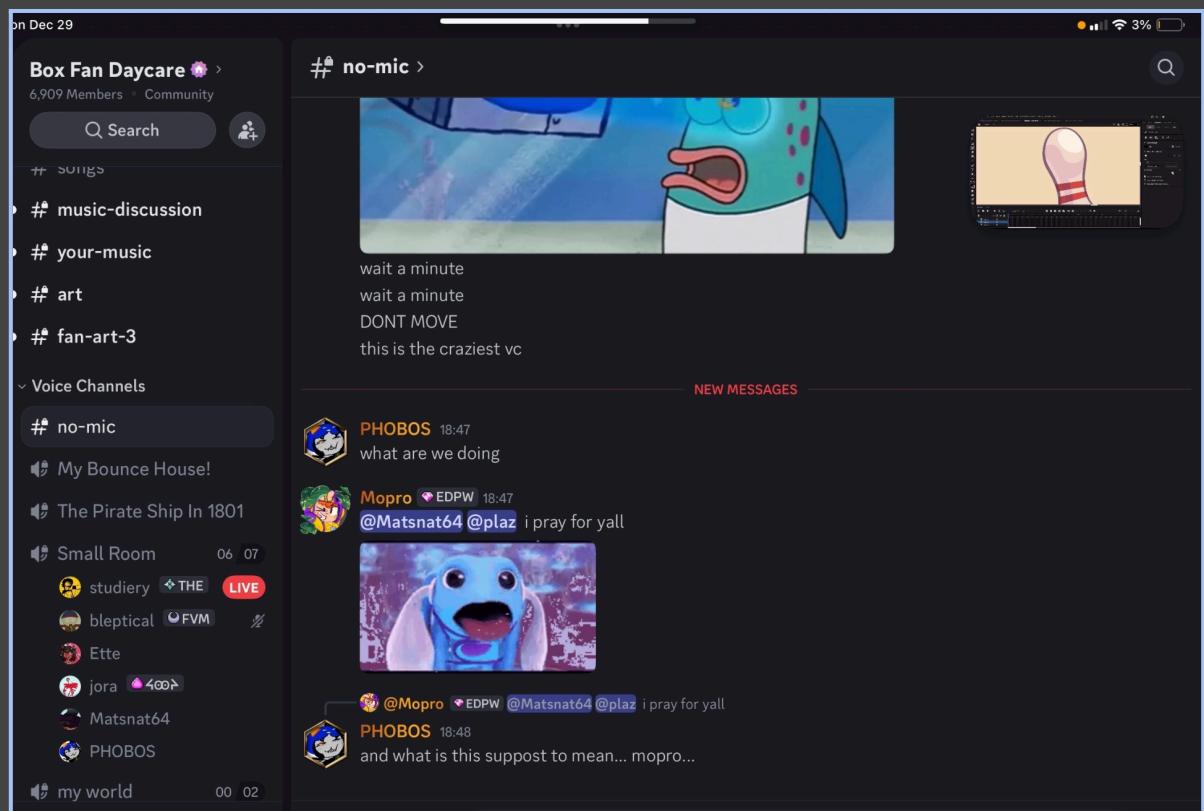

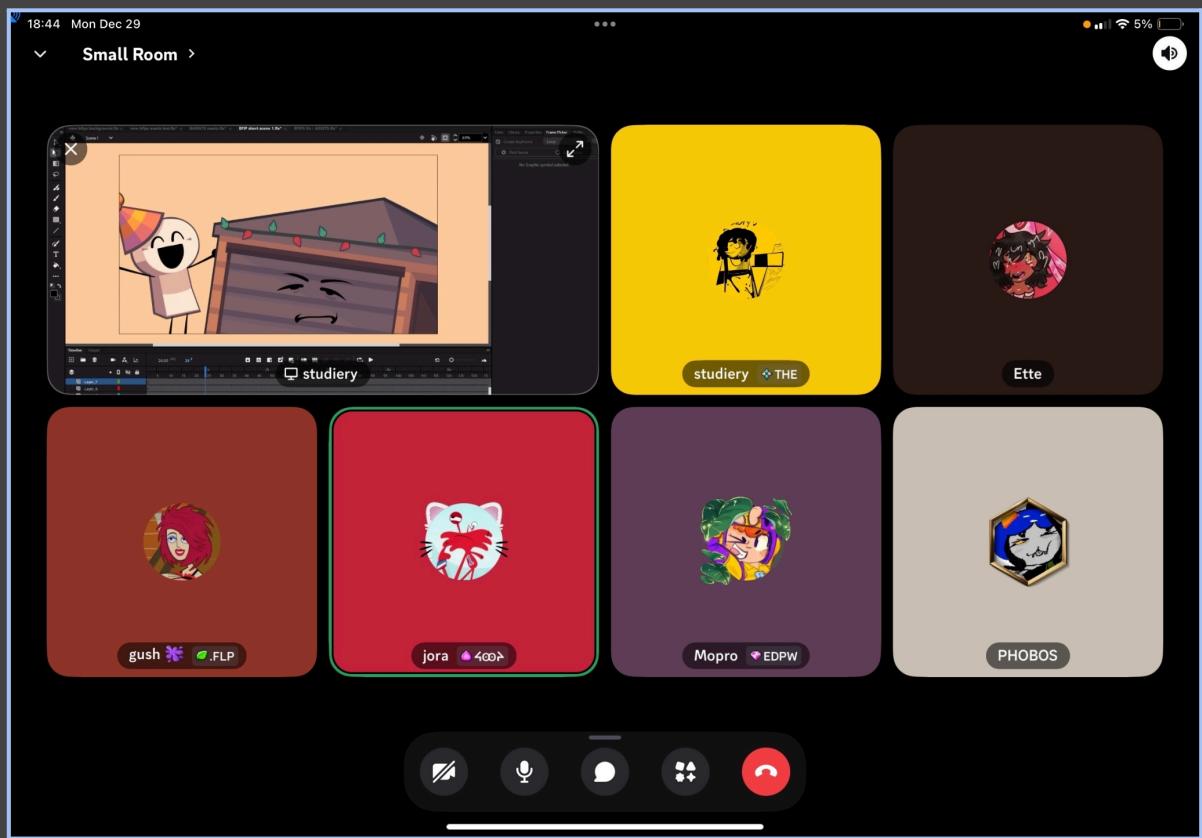

18:52

52

Small Room >

These are more then enough screenshots to prove the harassment part I believe. They say **Gush**, **Ryok**, **Studiry**, and **Ette** all harass people when they do the same to others as well.

There's a claim being thrown that I don't like. "It was a public server, what do you expect?" As you can see in most of these screenshots, it was JUST me and my friends, with around two or three unrelated people also tagging along every now and then. Are we saying no one should join our calls with us publicly? No! I'm saying that you can't play dumb and act like you didn't know what you were doing.

**Chorata** threatened and tried to scare **Studiry** after he was already in a bad mental place to threaten him with a lawyer, and by extension legal trouble for believing that **Spocite** is a groomer, which he is: you can find the updated doc about the actions of **Spocite** [here](#).

 @studiery I'll just say this, plenty of the info i was given i almost immediately believed, and i'm entirely at fault for that and am not asking for forgiveness. but again, this was all info i was told from outside sources

 zaya Yesterday at 10:16 PM

My mom suggested I send this to my lawyer

Not only this, but he posted a clip of **Studiery** in a VC, which violates the Wiretap Act ([link](#)), and Intrusion upon Seclusion ([link](#)).  
I myself can share this, as I live in a One-Party Consent State.

Last Item for this section is the Harassment given to **Ette**.

I want to add that I condemned the initial slew of replies towards me, from people I considered friends, because I think that if you are truly against harassment, which the Chorata document is against, you cannot support what is happening to me. The harassment towards me only escalated from there. Supporting the initial amount of replies, telling me to “grow up,” is insulting and only validates the actions of the people shown below.

So far from anyone that made the doc, I have seen ZERO posts about not harassing Ette or anyone involved, NONE. They claim to be against harassment yet their fans did so to people I am close to. This not only is fucking stupid, but there is a death threat in there. This isn't the worst of it as **ETTE HAS BEEN DOXXED IN HER STRAWPAGE AND IT HAS CIRCULATED AROUND. I HAVE SEEN NOTHING CONDEMNING THIS.** This leaves the only logical explanation of their moral character being that they choose to not acknowledge it and letting people be put in danger to protect their image.

One more thing, I think me getting bombarded with a bunch of spam is exactly what you guys are against. I've agreed countless times it was fucked up of me to harass Ramona but I don't think that qualifies the same thing happening back to me. I've gotten like atleast 70 notifications of just the same image from people that I thought were my friends. I don't think I deserve this, if you guys are against harassment you cannot support what's happening to me. I've been told that it's "the consequences of my own actions," which I disagree with. It's not the mature route and isn't going to get anyone anywhere

I want nothing against you guys. I feel disgusted with myself right now. I am going to step back and actually keep my promise of staying off twitter right now because it's doing nothing good for me

*Note Ette getting ignored after saying “Do you guys have anything to say to that”.*

Not only that, but Ryok and others were harassed in OSC Animator Central after the **MoPro** Situation and past drama, which already ended months ago.

Again, the doc claims to condemn harassment, yet most of the friend group ([Chorata](#), [Mopro](#), etc) did not stop harassing [Ette](#), [Ryok](#), etc... indirectly after the debate about the OSC Hierarchy, making a lot of quips and jabs at them through twitter, but also through Discord. Most of the harassment comes from [TheRookieCookie](#)'s post, which sparked the debate.

Soon after the original doc was posted, Ette sent a reply making some things clear about what was said in the other document, about the

hypocrisy part where Ette said she cut off Ryok. [Chorata](#) replied to it and debated with Ette with a lot of aggression. At one point, [Chorata](#) replied to Ette, where he compared Ryok to Hitler with an image of Steven Universe fanart. **Ette has deactivated her account, so the thread is lost**, but I believe this behavior is completely childish and unacceptable. They noted that Chorata cropped the image which apparently negates all responsibility from their end. **USE A DIFFERENT IMAGE!**

**YOSHO NOTE:** I do not believe this was directly calling Ryok hitler, but I do believe the use of this image is incredibly spotty and immature. I think the connotation of it is wrong, especially given the original context of the image.

Faye, we know each other. I don't understand why you are still dragging this, but **Gush** has admitted many many times before that she herself was in the wrong. I don't see the point in you continuing this.

The situation between Gush and Sav has been handled privately and maturely, both parties will be releasing their apologies in due time.

one of these guys called me the r slur over me eliminating them in an object camp cuz they were friend grouping

**Gush** did, I don't condone her saying that. But don't act like you haven't harassed people before in that very same camp. Called 2 other people + **Gush** "Fucking shit at camps", spammed in one of their dms, and also the voice call where you attacked them. You aren't exactly in the right virtue to be talking here.

As per wishes of **Gush**, I will add this for extra context. **Gush** did apologize to you, **Gush** only lashed out as to you harassing her friends (at the time they were friends) and wanting to defend them. **Gush** apologized to you, it happened half a year ago, just drop the damn thing already. You also did say the exact same thing recently. So I do not see your point in this Yob.

Leftlane, you say this because I kicked you out of a group I made and led. I understand you felt that way but I tried my best to be as kind as I could with it. The server died because of the end fight being a disaster. I don't think that just because I kicked you out of a group gives you the authority to make this kind of tweet.

This is a lie exaggerated out of malice to make the friend group of **Jora** etc. look worse. They did absolutely not harass “everyone” on a daily basis. Bryin is one of the minor people involved in the **Mopro** situation

and already had minor conflicts with one of the members of the friend group. This seems just like a lie to spread more hate and harassment.

Studriery responded to this, as this post was just made out of malice to make the friend group look even worse. This is a more personal situation Auro involved himself in with one of his friends and flags it as us going after them.

i was balltop but i think this sucks to bring up considering the fact we weren't playing a prank on auro/mirtle specifically, if they genuinely wanted closure on this stuff then they wouldn't bring this shit up months after, again another dumb immature prank but they claimed to had seen this "a mile away" and still decided to interact while knowing it was us also i've never had any past drama with auro or mirtle for the record

i'll try and explain more of the context behind the prank

me and my friends thought it'd be funny to pretend to be "the next big osc friendgroup" or some shit and weren't directly pranking anybody in specific, if Char had interacted first we weren't entirely in on everything she specifically was doing but at the same time, if Auro and Mirtle had clocked this was us on alt accounts i don't see the reason behind interacting and trying to trick us with one of their own alt accounts when they could've just not interacted having known it was a harmless prank

Bunnyboi, I never got anyone to leak your private. Screenshots were sent to me of you being annoying, that's all. I was not asking for this info.

To claim that we purposefully target innocent people is absurd.

Seriously, this is the most baseless, proofless claim I've heard from you.

The most we've done is dislike members of your specific friend group and call it out, albeit poorly. I am so curious to know where this comes from because you continue to spread this serious accusation and I cannot contact you anywhere.

## ETTE SECTION

---

Right now I'm reflecting on what I could've specifically done better. I'm taking the steps to actually improve my behavior because I truly don't want to be miserable all the time. Right now, I'm going to FINALLY GET OFF OF TWITTER PLEASE IM BEGGING EVERYONE INVOLVED PLEASE GET OFF TWITTER!!!!!!! I think it's the main source of my negativity, I've since deactivated my main and deleted the app off my phone forever. Next, I'm going to distance myself away from this group of people. I've been told they aren't healthy for me from multiple friends I've known for years. I have always shut these claims out, but this doc was my final push to realize that I might need to move away from them.

I haven't had that many friends at school, and I've been bullied countless times in the past. I hope me cutting down my screen time will help me actually socialize better to make friends in the real world.

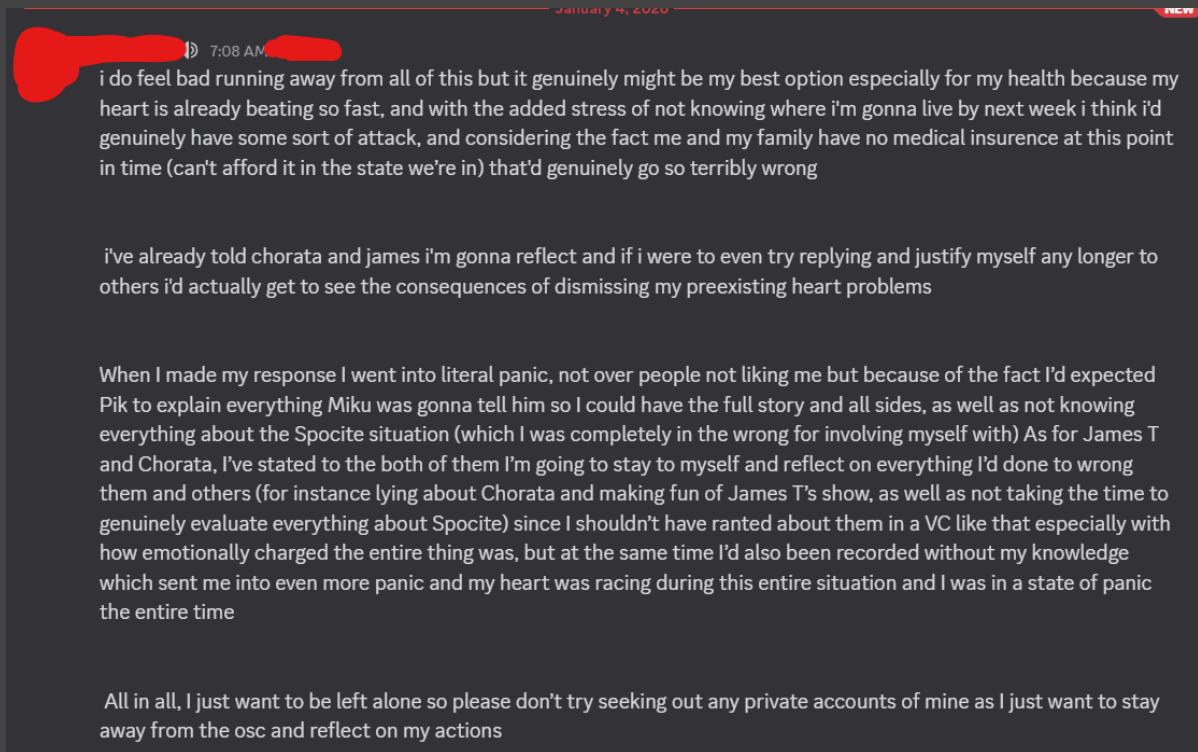

Lastly, I began my job search around two weeks ago as of writing this (1/3/26), and I received my license around a month ago, and I'm hopeful these factors will help shape me into a better person.

I've stated that I'd work on myself many times but I've never followed through, so I understand if you're untrusting of the fact I'll actually change. I hope I surprise you all.

I've lost a lot of friends preceding this doc. I'm disappointed and disgusted with myself and I want to make the effort to repair my mental state and fix the relationships I had with my previous friends.

I'm going to take a needed break and cease my social presence online until I believe I'm fit to return. I love you all.

## STUDIERY'S SECOND RESPONSE

7:08 AM · January 4, 2020 · NEW

i do feel bad running away from all of this but it genuinely might be my best option especially for my health because my heart is already beating so fast, and with the added stress of not knowing where i'm gonna live by next week i think i'd genuinely have some sort of attack, and considering the fact me and my family have no medical insurance at this point in time (can't afford it in the state we're in) that'd genuinely go so terribly wrong

i've already told chorata and james i'm gonna reflect and if i were to even try replying and justify myself any longer to others i'd actually get to see the consequences of dismissing my preexisting heart problems

When I made my response I went into literal panic, not over people not liking me but because of the fact I'd expected Pik to explain everything Miku was gonna tell him so I could have the full story and all sides, as well as not knowing everything about the Spocite situation (which I was completely in the wrong for involving myself with) As for James T and Chorata, I've stated to the both of them I'm going to stay to myself and reflect on everything I'd done to wrong them and others (for instance lying about Chorata and making fun of James T's show, as well as not taking the time to genuinely evaluate everything about Spocite) since I shouldn't have ranted about them in a VC like that especially with how emotionally charged the entire thing was, but at the same time I'd also been recorded without my knowledge which sent me into even more panic and my heart was racing during this entire situation and I was in a state of panic the entire time

All in all, I just want to be left alone so please don't try seeking out any private accounts of mine as I just want to stay away from the osc and reflect on my actions

## MY FINAL COMMENTS

These are my final comments to everyone involved. First off I want to say this was blown way out of proportion, especially more than it needed to be. I believe getting the truth out there and hearing from everyone matters more than what you believe or want to happen. To the OSC, once again, please form your own opinion on this, don't always blindly listen, wait for responses to come out, and be patient.

To **Chorata**, **Mopro**, and anyone else. Contact me if you are wanting to talk about this maturely and in private. I will not consent to the DMs being shared around. **MoPro** and **Carsick** need to mature more, as how

they handled all of this was extremely immature. **Sopcite**, I believe you need to leave the internet and the community, there is proof there that you are indeed a weirdo. **James**, you really could've been more mature too, I don't think going to insults is a good idea, let alone defending a weirdo. **Matsnat**, same with you, I don't think you should've defended a weirdo. Finally, **Chorata**, I don't think the harassment to anyone here was needed, we could've handled things privately. It absolutely could've been done, and the way you shared it wasn't all that 'good' i want to say.

For contacting me, **DM me on twitter or message me on Discord @4yosho**. I will be making changes if need be. I want to handle all of this maturely, and I believe that is a reasonable standard to hold you all up to.
