For UCSD Sponsored Projects Only

For UCSD projects an index number is needed before students can begin to order parts. The sponsor can provide the index number directly to the student team, or send it to the MAE156B Engineering Coordinator, Ian Richardson, irichardson@eng.ucsd.edu

Index Number: (As of 2/4/16, Sponsor doesn't have index number, but is providing personal reimbursement)

Intellectual Property forms

Students who volunteer to work on industry sponsored projects students sign the Student Participation Agreement that assigns patent rights to the sponsor. Please print these forms from the 156A website, sign them, give them to the sponsor, and a copy to the Ian Richardson in the Product Design Lab or B35.

☒ Not Required ☐ Required and delivered to sponsor

Webpage Confidentiality

Each team will have a webpage that is developed during the course of the project. Some sponsors prefer that this webpage be password protected during the project (passwords should be removed after 6 months after project completion).
