

October 26, 2020

Hello Kindergarten Families!

Kindergarten Weekly Planner & Learning Log

Here is the Kindergarten [Weekly Planner](#) for the week of October 26-30. We will continue to post these on the [SEP Remote Learning website](#) and send them out by email each week. This is your guide for the week and should be checked daily. We will also post the Weekly Planner in the “Weekly Planner & Choice Board” portion of Google Classroom. Please read the Parent Page on the Weekly Planner. It includes information about assignments. Don't forget to check Google Classroom each day as well!

Parent -Teacher Conferences

Thank you for attending conferences. We truly appreciate you taking the time to meet with us and having the opportunity to discuss your child's successes together. If you have any further questions, please don't hesitate to contact us at any time.

**“Together may we give our children
the roots to grow and the wings to fly!”**

Science & Social Studies Assignments

You may have noticed on Google Classroom last week that students were assigned a lesson in science about weather. A new assignment in Science or Social Studies will be posted each Monday. This is an On Demand Lesson for your child to complete sometime throughout the week.

Assessments

Please see this [document](#) for assessments we'll need to complete for report cards in November. We will also put the assessments in Google Classroom as assignments so you can access them easily from that platform. All of the areas we are assessing are goals for the end of the year, so do not be worried if your student has not mastered them yet. Please reach out if you have questions or concerns regarding assessments.
